B. & B.

The reason our announcement appears in this paper is because we want to attract your attention to our store, we sell

dry goods

but if we don't do it somewhat differently from the usual way we wouldn't have much to talk about, but we think we have, and the difference is in the prices—may be there are other stores keep as nice goods, but we are not sure that that, whether they do or not, but we are sure that this store has a very large and choice assortment of new Silks, Dress Goods, Suitings and Fine Wash Goods at prices that will pay for your interest to find out about.

We make it as simple as possible for you—have a Mail Order Department that sends samples everywhere whenever they are asked for, and make no charge, and if you'll write and say you want them, they'll come with prices attached that will show you what we sell the goods.

Among the important items are Black All-wool Serges, 38 inches wide, 25c.

Black Camel Hair Suitings, 44 inches wide, 50c., goods that are worth a dollar.

Figured Black Mohair Suitings, 38 inches wide, 25c., and another lot of finer ones, 35c., and 46 inch ones, 50c.

Plain Black Mohair Suitings in the various weaves, 38 to 54 inches wide, 25c. to \$5.50 a yard.

New line of Important Suitings, 38 inches wide, 35c. Navy and Red Mixtures that have style to them, and they're all wool.

Fine Coating Serges in choice solid colors, blues, greens, browns, etc., that have a lot of merit at the money—called coating serges, but they're for handsome suits, 38 inches wide, 35c.

Stylish Tweeds—Slightly Stylish Stuffs, 46 inches wide, 75c., and many other lines of Fine New Imported Dress Goods and Suitings from 50c. to \$5.50, which when seen, will produce results.

THE CITIZEN.
A Galant Cock Grouse.

A big cock-ruffed grouse came plumping down in the barnyard at Seth Colby's near here the other day, and strutted about among the hens, giving himself all sorts of airs. The rooster had charge of this flock of hens, and at this important intruder in astonishment for a few seconds, and then bristled up and started in to show the grouse that sole authority in that yard was vested in himself.

The rooster was as big as the grouse, but the grouse interloper from the wilds put himself in shape and treated Mr. Rooster to something that was a surprise to him. The grouse was so quick and fierce in his fighting that after three lively rounds the rooster turned tail, and retreated to a far corner of the barnyard. The victor couldn't crow, but he jumped up on a mound of straw and looked the surroundings over with such an imperious air that it spoke louder of his triumph than a crow that could have been heard a mile.

After this glowing over his victory, the cock came off the mound and strutted about among the hens with more assurance than before. The hens did not conceal their admiration for the audacious gallant, and huddled around him, ignoring scornfully the presence of their rightful lord, beam and humiliated in his corner. For an hour the grouse enjoyed his pleasing triumph, and then whirred away to his wooded haunts.

"And them hens," says Seth Colby, who witnessed the remarkable exhibition from the window of his hay mow, "looked sorer than a widgeon when that dandy grouse left 'em and they kept it up so long that they didn't recognize the rooster for more'n two days."

Refinements of Measurements.

Refinements of measurements have gone to almost incredible limits. On lines of curvature of 1,150,000 inch can be measured. In spectroscopic analysis of lenses of different elements, fractional wave lengths are read to 1,200,000 millionth of an inch. Professor Dewar in his researches on liquid air attained a vacuum of 1-2,500 millionth of an atmosphere by filling a vessel with mercerized vapor and exposing it to a very low temperature, and Professor Boys, with the simplest possible arrangement of quartz filter, torsional balance, and mirror, claims to have been able to just detect an attractive force of the 1-200,000 millionth of an inch. So much for minute weights and measures, and as regards angles the Darwin pendulum will indicate a movement of 1/300 of a second which would be about the angular measurement of a penny piece at the distance of 1,000 miles. It is difficult to realize the minuteness of measurement like the preceding. The smallest gold coin of Great Britain, if drawn out into a wire 12,500 millionth of an inch diameter, would be long enough to stretch to the sun and back again ten thousand times, and yet the fundamental mystery of the constitution of atoms and molecules would be looked up in every infinitesimal portion of the length of that minute wire. "For the establishment of a truer and more comprehensive theory of elasticity," write the authors of the last important work on the subject, "we shall probably have to wait until we gain a wider acquaintance with the nature of intermolecular action."—Engineering Mechanics.

J. W. Pierce, Republic, Pa., says: "I have used One Minute Cough Cure in my family and for myself, with results so truly satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to every one who asks me to present myself." J. C. REDICK.

Unfermented Comunion Wine
Alfred Spear, of New Jersey, the celebrated grower of foreign grapes, preserves the unfermented juice of the grape for sacramental use. It has been adopted and its use sanctioned by the prominent divines of the country. It is also used for invalids with remarkable effect for blood-making. For sale by druggists.

"Give me a liver regulator and I can regulate the rest of my system." The druggist handed him a bottle of Dr. Witt's Little Early Risers, the famous little pills. J. C. REDICK.

Grapes With Rhoarhound Coughs.
Old Aunt Rachel, an old and successful nurse, 90 years old, 70 years experience as a nurse and much sought after by hundreds of families, who have made an ordeal most effective for coughs and colds by the use of Grapes with Elephanta Root and Herb Compound. Public speakers and singers use it. It is performing wonders. Sold by druggists.

Soothing, healing, cleansing. Dr. Witt's Little Early Risers is the enemy to sores, wounds and piles of the country. It is a cure. Stops itching and burning. Cures chapped lips and cold-sores in two or three days. J. C. REDICK.

There's good philosophy in this paragraph, now current; "I always expect the worst in all things and all cases, because I know the worst is possible; therefore it is natural for me to expect the worst, and as it is the unexpected that happens, the worst does not happen to me."

Don't depend on disappointment by experimenting. Invest in One Minute Cough Cure and you have immediate relief. It cures cough. The only harmless remedy that produces immediate results. J. C. REDICK.

Recently an attorney in the Crawford county court asked a question of a witness, to which the attorney on the other side made objection. Then followed one of those fiery local battles which make members of the legal profession famous. After discussing the points for nearly two hours, they rested and the court decided that the question was a proper one. The witness answered, "I don't know."

Must Use The Knife
The Union and Advertiser of Rochester, N. Y., recently published the following interesting account of how William Adams of 127 South avenue, that city was taken from a painful operation by the use of Dr. David Kennedy's Favorite Remedy. This new remedy is a grand surprise and a cure of his kidney disease very badly; at times I was completely paralyzed and could not get up. I was so bad that the doctors to perform an operation upon me. Upon the day set for the operation I used the use of Dr. David Kennedy's Favorite Remedy, and from that moment I was entirely cured and have had no return of it since. My weight has increased and I am now as well as I am now. I have recommended

to many people, for it saved my life." In answer to Mrs. Adams she said: "About a year ago I was in a very feeble state of health, being completely run-down. I had doctoring considerably, but without permanent relief. One day one of my neighbors advised me to take Dr. David Kennedy's Favorite Remedy, which I did. My trouble was dyspepsia, and for a long while I was unable to get up. After using the remedy a few doses I was completely cured, and now enjoy good health."

Hundreds of men and women who that "run-down" condition, unable to work, have been probably never met in a theatre behind a filliable young lady.
