THE CRIME OF 1892.

It is Grinding Men Down to Poverty and Want. PEOPLE PROSPEROUS ONCE. But the Demagogue Got Loose Then as He is Now.

TAKEN UP ON A MOUNTAIN. When the McKinley "Protective Tariff" Was Voted Down in the Fall of 1892, the Greatest Crime of Our Nation's History Was Committed—It Stopped Our National Progress and Took the Daily Bread from Thousands of American Workmen.

We remember hearing a story of one of the right old-fashioned preachers who devoted twelve Sundays to a series of sermons on "The Sins of the Babylonians." He was not unlike the people who are now much excited over the crime of 1892.

More than that, it is a question not yet settled whether any crime was committed in 1892, by the vote of the preachers' remains who are digging in the works of the mound builders. The crime of 1878 is not hurting anybody now, but the crime of 1892 is grinding men down to poverty and want, and laying our public roads with a procession of tramps.

There has never been a campaign in which the educated men of the nation were so overwhelmed for one side as they are for sound money this year. It is also true that there has never been a campaign in which so many of our people are better than their opposites in the Mobile Register, for example, saying that it knows the policy which Bryan advocates would ruin the country, but that it does not believe he would carry the policy out if he should be elected.

VOTE FOR STURTEVANT.

Making a splendid fight against Sibley. The Republican candidate for congress for the Erie-Crawford district is a man of whom not one word has been said, nor can he be said against his character as an honest man.

Vote for Sturtevant. Vote for the entire Republican ticket. "The proportion between the value of the silver money stamp in which the problem altogether."
