'The Republican state central com mittee congratulate you on your action at the polls to-day, which places the western empire state at the head of the list of the honest and law abiding commonwealths in the union. The election of Gov. Tanner by a pluraltiy equal to Montana the wonderful strength of the idol of Nebraska.... the wonderful strength of the idol of protection, is a tribute to his worth and a declaration that the people of Illinois know he will give them a good administration. We possibly return a solid delegation to the lower house of congress to gation to the lower house of congress to support the President elect in a policy
which will benefit the whole country,

Rhode Island.... and secure a legislature which will send to the senate a Republican in place of South Dakota..... Gen John M. l'almer. A Seattle, Washington, afternoon paper has just compiled information showing that the farmers of Eastern Washington have since the recent rise in wheat sold 15,000,000 bushels at an average price of sixty cents, the crop netting about \$3,500,000 more than last year. This season the farmers were enabled to borrow money on ware house receipts, which enable them to hold their wheat until the rise.
