**Board of Trade.**  
The call for a meeting to organize a Board of Trade took a large number of our citizens to the meeting held on Monday evening, December 8th, at the meeting organized by calling upon Mr. Bowser to preside, and electing Mr. Eaton Secretary.

Mr. Bowser stated the object of the meeting, which is to make an effort to improve the town, and to make it more attractive to the outside world. He referred to our school-house and churches as evidence of our civic citizenship, and also to the unsightly buildings, that occupy some of our prominent corners, that apparently unutilized spaces of gas and coal, that are the opportunity to boom it.

A letter from a visitor from the city of New York, was handed to the Secretary and read by him. The first object to locate a plant here, by its own lot, was to build a 60,000 building, employ 50 hands to begin with and be a permanent institution here, but thinks the people of the town should take \$15,000 of its bonds—the plant to cost from \$30,000 to \$40,000.

A motion to elect a Board of Trade was made, but this was amended to one authorizing the Chairman to select a committee of fifteen—three from each ward—to prepare a Constitution and By-Laws, for presentation at next meeting. This was carried and Mr. Bowser will select the committee today.

Persons made remarks on the subject generally, and the meeting adjourned to meet at call of chairman.

## PARK THEATRE.

FRIDAY DEC. 11, THE FAST MAIL.  
"The Fast Mail" which appears at the Park Theatre next Friday evening, is said to be the most successful railroad and scenic melodrama on the road this season. Mr. L. G. Gay, the author and manager, has contrived to weave into a consistent story nearly all the good points of the sensational drama. The climax of each act is strong enough to sustain a whole play, yet so well graded are the features of the piece that one can watch with increasing interest through the five acts, the murder and the clever trick with the Grandfather's Clock in the first act; The Mississippi river steamer, its engine room showing a practical furnace, and the explosion with complete change of scene behind a curtain of rising smoke, behind which is seen the wreck, as the curtain falls on the second act; the "life-size" freight train with its realistic engine and sixteen box-cars with their familiar lettering, followed by the audience three hours of an interrupted play. An amusing novelty introduced in the fourth Chinese dance, presented by eight pretty young ladies of the company and so a lady to His Highness Li Hung Chang, the High Viceroy of the Emperor of the Dragon. Everything in this farce is constructed on purely farcical lines, and is presented with such a vivacious and clever touch as to make it a real hit. Among the chief tag-masters in this organization are: James H. Hargrave, J. H. Nettie Black, Anna Chance, The Sisters Clayton and other well known artists.
