

It took fourteen rounds for Fitzsimons to knock Corbett out. It took thirteen ballots to nominate a Republican Congressman in this Congressional district. It costs ten dollars to become a member of the Butler Board of Trade. It takes only \$8.50 to buy a set of our own make Buggy Harness with wide curved breast collar and made of oak leather. This is the best harness for the money we believe in America. Of course we have them as low as \$3.50, but you know and we know this kind is no good, don't wear, and liable to break any minute and horse run away and break your neck, all for \$3.50. No, No, we don't say such stuff is good, You always know what Martincourt & Co. say can be relied upon, and the price is always right. No extortion, no deception here. Our capacity for making harness is thirty sets per week, and buying wholesale as we do, and paying no rent, why can't we sell cheap as any factory, and we do. We never had as large a stock of buggies and wagons as now, and never as cheap.

Charming Spring Styles IN FINE FOOTWEAR.

Many of which are to be seen here alone, a mammouth collection of captivating ovelties in shoes. It's a grand spring stock that awaits your inspection. WE START AN ELEGANT LINE

The ballot law now pending in the egislature provides a simple form of allot for the unwieldy one we are elled by the present stupid law to (Punxsutawney Spirit)
A visit to the big steel works at South in this state. It was prepared by th Ballot Reform Association of the State. It does away with party columns and where they make armor plate and can groups the candidates for each office to non for coast defense, is calculated to be voted for, requiring the voter to give a man some ideas of the enormous mark every candidate for whom he expense of war. I accompanied the wishes to vote. No name appears more Appropriation Committee to the Lehigh than once upon the ballot, although all University recently, and after inspectthe party designations for each candi-University recently, and active the party designations about the party designations about date are printed. The directions about the late Judge Packer, we were shown voting are simple and easily understood through the steel works. It is an immense establishment, employing 4,000 men, and it is here that most of the man who can read this ballot can find man who can read this ballot can find large cannon and armor plate for coast the names of the candidates of his defense and for the United States Navy choice. are made. We saw them forging

The pron armor plate and casting a cannon. They make guns there weighing eighty bills about the streets should be stopped and are preparing to make one dred ton guns. These enormous mes of war are made of the best of engines of war are made of the best of steel. They are not cast in one piece, but in several, one steel case being shrunk onto another until the desired thickness and strength is obtained. They are then bored out and rifled with as much care and accuracy as the finest shot gun. An ordinary 12-inch bore gun for coast defense is forty six feet long, and weighs sixty tons. There were a hundred or more about the works, some completed and others in course of construction. These guns cost the Government at the rate of \$1,000 a ton. A sixty ton gun is worth.

To discover the wear, or the wear out, to a pair of shoes-that is, if he is a well boy. The shoe bills for sick boys are not very large. If your boy is one of the healthy kind he contributes largely to your shoe bill. Now then, you want to keep him healthy, and you want to cut down the bill; and that's where we come in. The boy don't come in until he has to. You a ve heard of shoes that "wear like iron." We have them. The price is no higher than you have been paying, but it takes the boy half as long again to wear them out. Sometimes he gets discouraged in his efforts to get a hole through the toes when riding "belly whopper" on a bob sled, or kicking the bark off a tree, but HE has to stand it, and the shoes don't care. Bring him in and let us
