It took fourteen rounds for Fitzsimons to knock Corbett out. It took thirteen ballots to nominate a Republican Congressman in this Congressional district. It costs ten dollars to become a member of the Butler Board of Trade. It takes only \$3.50 to buy a set of our own make Buggy Harness with wide curved breast collar and made of oak leather. This is the best harness for the money we believe in America. Ot course we have them as low as \$3.50, but you know and we know this kind is no good, don't wear, and liable to break any minute and horse run away and break your neck, all for \$3.50. No, No, we don't say such stuff is good. You always know what Martincourt & Co. say can be relied upon, and the price is always right. No extortion, no deception here. Our capacity for making harness is thirty sets per week, and buying wholesale as we do, and paying no rent, why can't we sell cheap as any factory, and we do. We never had as large a stock of buggies and wagons as now, and never as cheap.

The estate is said to be now worth \$200,000,000 in bonds and money. This seems like quite a bit of property to be lying and waiting for its proper owners. In fact it isn't every man that can gather in two hundred million dol-

lars and at the same time get as much fun out of life as did the great circum navigator. But it must not be forgotten that the Admiral was a hustler, and may have picked up a great many snaps while sailing around the world. Besides the property has been increasing in value ever since the days of Queen Elizabeth. The estate is apparently doing so well that it seems like poor policy for the heirs to disturb it. There are 275 of these Drake heirs several of them residing in Lawrence and

Mercer counties. For that tired feeling Hood's Sarsa-parilla has no equal. It invigorates the whole body.
