It costs ten dollars to become a member of the Butler Board of Trade. It takes of the Butler Board of Trade. It takes only \$8.50 to buy a set of our own make Buggy Harness with wide curved breast collar and made of oak leather. This is the best harness for the money we believe in America. Ot course we have them as low as \$3.50, but you know and we know this kind is no good, don't wear, and liable to break any minute and horse run away and break your neck, all for \$3.50. No, No, we don't say such stuff is good. You always know what Martincourt & Co. say can be relied upon, and the price is always right. No extortion, no deception here. Our capacity for making harness is thirty sets per week, and buying wholesale as we do, and paying no rent, why can't we sell cheap as any factory, and we do. We never had as large a stock of buggies and wagons as now, and never as cheap.
