# A LITTLE TALK.

The season has been a backward one on account of the wet weather, yet our business has been greater than ever-

### WHY IS THIS?

It is easily accounted for, our theory has always been that if people are treated fairly and honestly they will appreciate it—and for fifteen years we have pursued this policy—

### Never Misrepresent, nor try to get Rich off one Customer

And people have found this out and prefer to deal where they know they get the worth of their money-

### Neighbor!

The question to ask yourself when you think of buying a buggy or harness is—does the dealer know what he is selling-will he sell an article for just what it is and at the lowest possible price, also is his knowledge of the business sufficient that I may rely on it. Then patronize such a firm-if after all these years our reputation is not such as to meet all these exactions in your mind, then go elsewhere-bear in mind that buggies are cheaper now than ever in the history of our country, and the season is here when you need one. -

### CALL AND SEE US.

And see if we cannot save you money-if not do not deal, certainly this is fair. We never had as fine a stock of buggies, surries and harness as we have now, and remember we are the largest Wholesale and Retail House in our line in the state. Thanking you for past favors we remain

Transportation companies are prohibited from carrying game out of the State, but they are not interferred with in carrying game klll-ed in other States through this State Game dealers of Pennsylvania can pur-chase and sell all the game they wish to that has been killed in other States. Heretofore in consequence of deficient game laws, so far as penalty clauses were concerned, it has been found practically impossible in many cases to do anything with a class of game viola-tors who had no property and when ar-rested took advantage of the insolvent law and would escape, by this means, punishment for their misdeeds. This has been corrected by the new bill and now if men kill game illegally they will be put to jail if their fines are not paid. a day for every dollar of fine imposed. The use of ferrets is common in a good many localities in Pennsylvania, but this practice will have to be stop-ped, as a man now found with a ferret in possession when hunting rabbits will be liable to a severe fine. The framers of this bill originally tried to establish a uniform season for the taking of all game, but in view of the fact that there were so many diverse opinions among the sportsmen as to the PEOPLE. the taking of all game, but in view of the fact that there were so many diverse opinions among the sportsmen as to the wisdom of this feature it was abandon-ed. Under the new bill woodcock can be taken in the month of July and from October 15th to December 15th, inclu-sive; deer in the month of November; rabbits from November 15tt o December 15th, inclusive. The season, so far as they relate to ducks, reed birds, snipes, plover, doves and wild pigeons, are the same as under the old laws. Pheasants, squirrel, quail and wild turkeys can be legally taken from October 15th to De-cember 15th. Mongolian or English pheasants, which have been introduced in a few of the localities with a view of naturalization, cannot be killed for a period of five years. I am yours truly, S. F. HOWLAND.
