A LITTLE TALK.

The season has been a backward one on account of the wet weather, yet our business has been greater

The question to ask yourself when you think of buying a buggy or harness is-does the dealer know what he is selling-will he sell an article for just what it is and at the lowest possible price, also is his knowledge of the business sufficient that I may rely on it. This is no better substantiated than the others, but it is certain that as early as 1886 Barnato had become a heavy speculator in mining properties, and about that time he went to Johannes burg and bought up a lot of mining lains and constant care while in uniform temperature and pure, sweet atmosphere of storage houses for fourteen while in uniform temperature and pure, sweet atmosphere of storage houses for fourteen while in uniform temperature and pure, sweet atmosphere of storage houses for fourteen while in uniform temperature and pure, sweet atmosphere of storage houses for fourteen while in uniform temperature and pure, sweet atmosphere of storage house burg and bought up a lot of mining the laims from men who could not afford o pay the heavy license fees demanded by the Government.
