LOCAL AND GENERAL.

"Peter, Peter, pumpkin-eater, Had a wife and couldn't keep her; He hid her bloomers, like and bell, And then he kept her very well."

Butler Fair—Sept. 7, 8, 9 and 10th.

BOYS WANTED—16 to 18 years of boys of age, with good common school education. For particulars inquire at CITIZEN office.

Go up to the Orphan's Home this evening.

Cute curtainers of other people's currency are getting in their work these nights.

McClung & Co. struck a good gaser on the T. R. Hoon farm in Centre township last week.

John A. Richey and S. S. Gill purchased the Steele cigar store, and it has been reopened.

The spelling of some of the names on the Jury List is incorrect but we print these lists just as they are written.

We have received a well-written string of items from Brownsdale, and our correspondent does not give his or her name, and we cannot afford to vary from our rule in this respect.

The Band Concert and fancy bicycling ride by Proctor, the new Butler mascot, is a success. It was unusually large crowd on the Diamond, Tuesday evening.

If the CITIZEN pleases you, hand it to a neighbor who does not take it, and ask him to add his name to the long and appreciative list of patrons already on our books. Sample copies sent free.

Twenty years ago Karns City was a booming oil town with about 2000 population, now she has about 200 population, and these are the charter members of the town again become part of Fairview township.

We have it on the authority of a prominent lady of this town and one who has had much experience, having had a corn on each toe, that corns should never be cured during the increase of the moon. But if the operation is performed during the decrease of the moon the corns will soon disappear. The same rule applies to killing bugs.

The editor of a juvenile publication recently received the following: "Mistur editur: deer sur, please stop yor papur, sister Annie died on monday aftur redeing yore last weekes number."

At last accounts the paper was still going through its subscription list was shorter by one name.

Several localities in Western Penna were visited by rain and hail storms, Tuesday, and several fatalities were reported, the oddest of which was the death of Ella Alexander at Blairsville while answering a telephone call. She and the hired man were at home, at the time the latter in the collar grinding an ax. When the phone rang, the young lady, aged 19, answered it, and the next moment the lightning struck the telephone, passing through her body, tearing her shoes off and passing through the floor.

When you go to the telephone to converse with somebody around the corner or a mile away, compose yourself and talk quietly. The more you talk, the more natural the voice, the clearer the transmission. Considering the difficulty and wear of temper in trying to hold conversation with people who cannot make themselves intelligible when addressing a transmitter, we agree with the Chicago Record that telephone operators should start a school to instruct people in the use of the telephone.

There is the nervous man with the high-pitched voice, says the Record, who roars into the telephone until the instrument at the other end gives out only a series of noisy buzzes. The misguided person who gets too close to the telephone, and his twin brother who stands too far from it. There is the feeble-voiced woman whose talk is about as intelligible as the murmur of a sea shell, and there is the woman who stands two feet away and shrieks incoherently a sentence in which about two out of every five words can be understood. The women in fact—probably from their inexperience—are the worst offenders. The man with the vigorous fringes and the shouting accent is likely to be quite bad.

The "National Hay Ass'n" met in Pittsburg, Tuesday, and discussed the situation and had several resolutions adopted. Delegates from nearly all the northern states, and some from Canada were present. Speaking of the outlook for this season Will Pollock, editor of the "Hay Trade Journal" said the crop prospect is for the largest hay crop ever grown in this country; the largest in tonnage and the greatest in value. In 1896 the hay crop of the United States was estimated to be 29,000,000, in round numbers, and the crop this season is expected to reach between 60,000,000 and 70,000,000 tons at an average of \$1.25 per ton. The National Hay Association through its legislative committee has brought about the placing of a tariff of \$4 a ton on hay in the present Dingley law, instead of \$3 per ton as in the Wilson law. The total imports of hay during 1895-1896 under the Wilson law amounted to 264,000 tons for which we paid \$4,297,000. Under the new tariff law the imports are bound to be greatly reduced, thus adding a large sum of money annually to the farmers. In 1895 the total average value of the hay crop was estimated at \$20,000,000. This amount of hay received in 41 of the leading cities of this country last year was 3,000,000 tons, which sold at an average price of \$16 per ton. It would require double this amount to supply other markets and cost \$20,000,000. The growers and dealers in hay this season have great reason to feel encouraged, and this fact will account for a very large attendance at the present convention in Pittsburg.

LEGAL NEWS.

NOTES.

The will of Frederick Eppinger of Lancaster twp. was probated, no letters.

Letters of administration on the estate of Jannette M. Norton, late of Mars, were granted to C. S. Norton.

The Forest Oil Co. recently bought a number of leases in Jackson twp., from A. J. Douthett, E. W. Eymann, and Harvey and Levi M. Wise, the prices paid aggregating \$8,000.

The petitions for naturalization of James Horsley, Wm. A. Oughton, Henry Wilson and Charles Koepfle, have been filed and will be heard Thursday, September 7.

Florence Conley, by her next friend T. C. Kennedy, has petitioned for divorce against Wm. C. Haven claiming \$500 damages.

Wm. Caster, by his next friend F. L. Caster, has had a capias or trespass issued against Wm. C. Haven claiming \$500 damages.

On Saturday last Eckert Kalb petitioned Court for probate of his will, and was appointed executor. The will was probated on Monday and Tuesday. Col. Thompson appearing for the petitioner and S. F. Bowser for the executor, the matter was filed its report yesterday, with the conclusion that Kosmana Kalb is that peculiar case, namely, and physically, that her own safety and welfare, as well as that of others, require that she be placed in some hospital where she may receive proper medical treatment, etc., and the executor is directed to make such arrangements as will carry their finding into effect.

The defendant's counsel filed objections to this recommendation, and says that the Commission having failed to find Mrs. Kalb insane, as provided by law, the Court has no jurisdiction to make any decree in the matter, and is directed to dismiss the proceedings at cost of petitioner.

The Committee slightly amended their report, Mrs. Kalb was taken to the Hospital at Mercer, this morning.

A dispatch from Mars, dated last Friday stated that William Hooks, a 69-year-old boy of that place was missing, and it was alleged he has been passing forged checks in wholesale quantities. The checks are drawn on the Butler County National Bank and bear the signature of Blair Hooks. At this place Thomas Miles, a barber, cashed a \$100 check by giving two checks, one for \$50 and another for \$50, and the balance in cash. Topping Craig cashed one by accepting a \$65 check in payment of a small bill and giving good checks for the balance. The checks were cashed for one of the worthless slips. The amount of cash obtained was not more than \$75, but the boy has good checks for \$200. The banks on which they are drawn, however, have been notified. In Butler Hooks ordered a bicycle of White, Walker & Co., tendering one of the worthless checks in payment. He was to get the wheel yesterday, but failed to show up.

Senator J. P. is said, will proceed from Florida to San Francisco and sail on a trip of several months to Hawaii, Samoa, and the Solomon group of islands, probably going as far as Australia. Who'll take care of us while Quora's away? And who will construct the "refugee" and "economic" and trenchment planks in the next State platform?—Franklin News.

Mr. and Mrs. James T. Marshall, of Penn township will have a silver wedding celebration at their home on Saturday, August 21.
