has been lost sight of. In many States the election has resolved itself into a fight against 'bossism' irrespective of of party." This is exactly correct. In every State where there were no personal quarrels growing out of the factionalism incident to excessive bossism there has been no loss in the Republican ranks, and the fact that two formersure Democratic States like Maryland and New Jersey are now firmly bound to Republican fortunes shows the normal drift of Republican sentiment. In those States where bossism is most marked the lesson taught will be salutary. The Republican party, larged has been no lost independent thinkers and actors. These must be recognized in the future, as they hold the balance of power. If Rev. Dr. Swallow without a party organization and political machinery, can receive 116,600 votes and the head of the Republican ticket, it is high time for the masters of political manipulation to ask the meaning of results.

POLITICAL.

The political sensation of last week came on Thursday morning and consisted of Rev. Swallow's open letter to Hastings' inconsistency and then "wipes up the earth" with Quay and his crowd. The letter is viciously and criminally started as following account of the affair: "I was at my office until a late hour, writing letters. Afterward I went to the Fort Wayne station to put them on the eastbound train. While there the train for Pittsburg pulled in. I saw the young fellows get off. They were quarreling, but did not appear to be sintoxicated. All went down the stairs from the platform to the street, but Sullivan. Sullivan finally started

Aff the Anti-Machine and Anti-Boss Forces in the State to Unite-A Third Candidate For Governor - Senator Andrews Says Colonel Stone Is Not Quay's Candidate-A Case of Scare All Around-Still Gunning For Deals (From Our Own Correspondent.)

Royal makes the food pure,

Harrisburg, Nov. 16.—The danger that was feared by the Republican leadadvantage of the disaffection in the Republican party and sweep up the steps of the capitol like a four time

the past week has been full of pointing it with a first senator Durham, the bersonal lieutenant of Senator Quay in Philadelphia, came out with a decladependent of Senator Quay. In the newspapers he stated that no contracts or harmony deals which Senator Quay might make with Secretary of State David Martin would be binding on him. Privately, to his friends, he dehim. Privately, to his friends, he de-clared very emphatically that he was done with Senator Quay forever. He had not been consulted about the Sen-ator's harmony visits to Secretary Martin, and he did not propose that Senator Quay should make a fool of him after standing up for the gentle-man from Beaver as he had done. nan from Beaver as he had done

LEXOW ANDREWS HOT. Following closely on this came a declaration from State Senator William H. Andrews. As is well known, Senator Andrews is running the campaign of Colonel W. A. Stone for governor. Andrews, who in private declared the discourt and discartification. ared his disgust and dissatisfaction which he declared that Colonel Stone was not the candidate of Senator Quay, but that instead he was making the canvass on his record as a Republican. Of course the fact that Colonel Stone has as his principal supporter the man who became notorious as chairman of the Lexow committee; that this man, W. H. Andrews, is working the delegates for Stone, spending money in his behalf, and running a suite of offices in Pittsburg at his expense while booming him as Governor Hastings' successor, suggests the idea that Andrews, as Quay once expressed himself, would like 'o know how it felt "to own a governor."

IS STONE A STOOL PIGEON?

If this premise is correct the Stone candidacy represents either one of two things, the aspiration of "Lexow" Andrews, who is a man that was never known to do anything without seeing something in it for himself, or the desire of Senator Quay to control the next governor. Because it has been established that over a year ago Senator Quay promised the gubernatorial suc-

lished that over a year ago Senator Quay promised the gubernatorial succession to Colonel Stone.

But, as has already been pointed out in these dispatches, Senator Quay's desire is to use the nomination for governor as a trading power to secure to himself a re-election to the United States senate. Senator Quay is ready to throw down Colonel Stone, to whom one year ago he promised the governorship. Mr. Quay is quoted as saying in a recent newspaper interview: norship. Mr. Quay is quoted as saying in a recent newspaper interview:

"I am keeping my hands off the fight for governor. Too many of my friends are interested. As for Colonel Stone, he must take his chances with the rest. Stone has been well taken care of. I have kept him in congress ever since he went there."

STILL TRYING TO DEAL. Senator Quay has not given up hop tin, and David Martin has not prom tin, and David Martin has no promiised to do anything for Senator Quay.

The matter stands just where it did a
week ago. Quay is badly frightened,
and is trying to make terms with
Messrs. Martin and Magee, but no terms have been made, because neither Martin nor Magee will trust Quay. As it stands today Quay is distrusted by every political leader in the state.

By his attempt to get under cover and leave Durham, Penrose, Thomas, Andrews and all the rest of his friends out in the cold he has soured them, and they are waiting an opportunity to throw him off. Messrs. Martin and Ma-gee to whom Sonator Quay has gone on his knees and begged for reconciliahe is ready to fall between the tubs without a friend in either camp. But, more than this, Senator Quay must certainly see defeat in the next legislature. Ten counties in the state gave Swallow, the Independent, a plugave Swallow, the Independent, a plu-rality, and if the same countles next year return Independent members of the legislature Senator Quay cannot hope for re-election. Add to these the anti-Quay members that will be elec-

FIGURES FOR IT. A few figures are very convincing. In the last legislature there were 216 Republicans in senate and house. In the house alone there were 172 Repub-licans. Of this number 76 were staunch anti-Quay men, who represented anti-Quay constituents. In the counties which were carried for Dr. Swallow five of them were Quay counties, repre-senting nine members. If these counies alone next November elect antimonth, and atterwards visited the bat-tle fields of Gettysburg; and though he stood the trip nicely, began failing rap-idly soon after his return. He is sur-vived by his wife, two sons and two daughters.

Quay members to the assembly Senator Quay members to the assembly Senator Quay members to the assembly Senator of a majority, provided the old number of 76 is re-elected. But the terrible rec-ord of the last legislature will result in an upheaval, and instead of 76 anti-

an upneaval, and instead of 16 anti-Quay members there is more likelihood of 96 being returned.

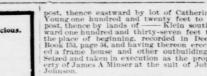

Over in the senate there were 44 Re-publicans, 22 of whom vacate their seats this year. Some of these are candidates for re-election, but their records are so bad that they will not be returned and in their stead senareturned, and in their stead senars in touch with the people, and erefore anti-Quay and anti-boss sentherefore anti-Quay and anti-boss sen-ators to the core, will take their places. If but 12 anti-Quay senators are elected the senate will be hopelessly gone, and the legislature on joint ballot will be the legislature on joint ballot will be the legislature on joint ballot will be the legislature anti-Quay. There is no doubt that if Senator Quay got deep enough into difficulty he would attempt to get help from the Democrats, but such a move-ment would involve so much scandal that he would hesitate quite a while before attempting anything so daring. BIG INDEPENDENT MOVEMENT. all anti-Quay forces in one gigantic movement. It is proposed to take a man of wide experience in statesman-ship and of unassailable character as a candidate for governor. Such a man as Henry W. Palmer, for example, ex-attorney general of this state. This movement hopes to draw into it either one of the Republican factions, both of which are now hostile to Quay, and thus strengthen its power. Ample funds will be forthcoming to carry on the work. The projectors of this scheme will not endorse a candidate of either

party, but will put a third candidate in the field in the hope of electing anybody but the choice of the bosses and machine men.

On the 2nd day of April, 1892 I commenced to nse your new cure for one of my horses that had the heaves very bad, and continued to use the medicine for about forty days and the horse did not show any signs of a return of them. It is now about a year since I quit giving the medicine and the horse has never showed any sign of heaves, and I feel satisfied that he is properly cured.
