LOOK OUT FOR THEM.

We understand that some parties claiming to be Republicans, are trave ing the county electioneering for M. L. Lockwood for Congress. We ask all ublicans, who are so from principle, what they think of such Republicans We have a nominee, in the person of Hon. J. B. Showalter, who is a good onblican and will vote on the right side of all questions that come before Lockwood would vote with the Democrats. On all matters the administration would want carried through, Showalter would support Mc Kinley-Lockwood would be with the ats "fornist the Government. Is it safe to take the advice of these fel who are working for M. L. Lockwood? Who is paying the expenses of these patriots(?) in their travels up and down Let each Republican answer these ques tions for himself, and we have no doubt he will go to the polls and vote for

Showalter for Congress. REMEMBER that November 8th election day. Don't fail to vote.

As goes Pennsylvania this year s will the whole country go in 1900. Swell the majority to the highest limit by every Republican going to the poils

THE Democratic party through its leaders, is running one of their fraud and deception campaigns this year by holding continually to the declaration "there are no National issues in this paign only State issues." Let us near the truth they are. A new House is to be elected this year, and one-third of the Senators, and is it not of National mportance that we retain control of House and gain control of the Washington? Is it not of National importance that we have a be in accord with Republican administration, to sustain and continue Repub lican measures, that have been enacted into law, and, now that the war with in is practically over, are leading on to a revival of the business and inlustries of the country? Is it not of National importance that our new tariff leave us with silver and paper yery much depreciated. Can we afford to do this depreciated. Can we afford to do this depreciated to the people you undertake to enlighten to the people you undertake to enlighten to have done this. You speak of the great increase of the Showalter an old time majority. Showalter an old time majority.

There will be important work before the next Legislature that will require that established it, a system that has given us as a Nation the best thought and energies of the party that established it, a system that has given us as a Nation the best thought and energies of the members. With Moore and Dindinger that has given us as a Nation the best thought and energies of the members. a Nation is said to be "its life blood," and as the money is good, depreciated credit and condition. Against the op position and protest of the Democratic party leaders, the Bryanites et al, the Republican party has evolved a money system, the best of any in the world, so no matter what part of this country you go to, or in fact what part of the world, United States money, whether gold, silver or paper, will pass as freely in business transactions, as in New York o Washington City. Now do we as a people, when we have gotten a money sys tem that gives us such security fo what little of this world's goods we may get together, want to unsettle the value of our cattle, our sheep, our horses, our real estate, our mortgages, our bonds, whether government or state, our railroad stock in fact the val- the brigade. ue of all our property, by listening to such blatherskites as Bryan, who has a wonderful flow of meaningless words and well rounded phrases, but no business experience outside the small

amount incident to a moderate law of all the Nations of the world in wealth and natural resonrces, and as we have now obtained some outlying territory the next move will be the en largement of our shipping interests, when our flag will be seen in all parts of the world, and our wares taken to

every clime. Now our money circulates freely side by side with the money of the greatest commercial nations of the world. De we want to surrender our proud posi tion in the financial world by adopting the rayings of such demagogues as Bry an, Stewart, Teller, et al, that would a once sink us to the level of all free silver countries and compel as to pay trib nte in large discounts from the face of our money to the other commercial Na tions that maintain the sound money system? We think not, and all that the people want to do to avert such a condition of things is to think a little over the past, then look ahead and they will soon see for themselves that the path of safety is that laid out by the Republican party. Therefore, we say vote the whole Republican ticket and von will not regret it.

Don't fail to go to the polls Novem ber 8th. Its a duty every citizen

THE election of 1900, when a Pres dent is to be elected, will be largely in fluenced by Pennsylvania's vote this year. Be sure and vote, and don't let your neighbor stay at home, November

year to our country; let that day be No vember 8th, election day.

OUR nominee for Congress, Hon. B. Showalter, has now had some ex perience in Congressional work and will be much better fitted to look after perience in Congressional work and will be much better fitted to look after the interests of his constituents than a new man and infinitely better than a Democrat. He will support our splenconditions of the country, while a Democrat would oppose all this—Showalter will favor sound money, that is, money, them, a Democrat would favor the free der and unlimited coinage of silver which

INDISPENSABLE TO ALL COUNTRY RESIDENTS WHO WISH TO KEEP UP WITH THE TIMES.

It will be seen that the difference be twen the cost of the COUNTRY GENTLE-MAN and that of other agricultural week-lies (none of which even attempts to cover the agricultural news of the day)

Wants Your Attention for One Minute Only.

What We Want to Say.

We want your attention for a minute to explain our position. We bought a large Fall and Winter stock what we thought enough for all winter. Along came this large Pittsburg jobber, who recently failed, with his great offer of about 5,000 pairs of shoes at less than half price. What were we to de? Had we not bought the goods we would not have been acting in the interest of our customers took the shoes, and we are selling them, too. You know how fast if you were

In the great Jam Saturday.

It was a great day-one we will never forget; but with our extra force of salesmen we handled the large trade very satisfactorily. Some people left without being waited on. We wish to say to them, come again. Plenty of big

This Week's Attractions. 120 pairs Boys' Calf Lined Shoes... pairs Ladies' Kangaroo Calf Shoes..... pairs Ladies' Fine Kid Button and Lace Shoes.... 240 pairs Men's Fine Buff Shoes, all styles...... 160 pairs Men's Fine Calf Shoes, Goodyear Welt...

WE CAN'T SAY MORE.

We haven't time, but if you are in need of Footwear Butler is the town and Miller's is the place. Will still pay railroad fare from any place in Butler county one way on a purchase of \$10.00; both ways on a \$20.00 purchase. One man from Bruin last week after purchasing \$24.00 worth of shoes we handed him back \$1.45 railroad fare. He at first refused to take it, saying the goods were all sold to him at a less price than he could buy them for elsewhere. We explained our ad in regard to the matter and he took his fare and went home happy, more than pleased.

DO YOU HEAR WINTER COMING?

Rear in mind we have more Felt and Rubber goods than any two

P. S .- We feel as though we owe an apology to our would-be competitors in placing this large lot of Shoes on sale at about half price, Lut then if they would have got the goods they might have done the same thing.
