On Monday last Commissioners Seaton and Mitchell, by their counsel, presented a paper to search setting forth their reasons for the selection of the Doerr farm as a "Poor Farm" and asking the Court to confirm the same. The principal reasons were: Its proximity to the county seat, being less than a mile from the Ccurt House; its central location; closeness to a! the railroads; comparitively low price of the land when compared to price asked for other farms. The farm, they claim, is in the highest state of cultivation. s in the highest state of cultivation is in the highest state of cultiv, viion, underlaid with coal and gas; can be easily sewered, and can be managed at less expense to the county that rany other farm offered. On the conclusjon of the reading of the petition Mr. Goucher stated that a minority report was being prepared by Commissioner Sutton and asked leave to file it, and that a way he set for hearing cridings. Sutton and asked leave to me it, and that a day be set for hearing evidence on the location of the farm. There was considerable talk on the part of Mr. Robinson representing the majority report, and Messrs. Goucher, Williams. wser and Lowry in support of the

proposed minority report.

On Monday the minority report finding fault with the location of the Doerr farm, and commending that of the Stephenson and Younkins farms, up the P. & W., was filed, and Tuesday next was fixed as the time for the hearing. The Allegheny County Bar associ

The vote on the Magee bills was unanimously adverse. The outrageous character of the attempt to give the street railway corporation mething very nearly equivalent to a icense to kill and maim ad libitum so clearly in evidence that not ever those legal pettifoggers who live upon the bounty of the Pittsburg ring could summon up nerve enough to defend the measure in question.

GREAT

February SHOE SALE

This is a case of force-

This will be your month at our store. If you need Shoes or Rubbers, you can have things pretty much your own way. We have too many goods in the house, and just a short month to sell them—we

must reduce our stock; there is no othe

way out of it. Our spring goods will be here March 1st, and this sale is to empty our shelves of winter footwear AT ANY PRICE to make room for new goods.

We Want to be Understood

We are not in business for our health

We are not in business for our health, and it is not often we sell shoes without profit. This is one of the times we do, and we consider it good policy to close out all our winter goods even if we do so at a loss. We then get the much-needed room and cau buy an entire new stock in the fall.

Our Prices This Month

Will be Record Breckers.

We cannot go into detail regarding prices, but we promise you to meet and better any prices you can get in Butler.
