one great stumbling-block that stands between most married couples and this ideal married career is ill-health. If both husband and wife would take proper care of their health, there would be more hale, hearty and happy old people in the world. If when a man suffers from the little ills of life, he will resort to Dr. Pierce's Golden Medical Discovery, the chances are that he will avoid the big and fatal illnesses. This great medicine gives a man a healthy hunger, facilitates the flow of digestive juices, invigorates the liver, purifies and enriches the blood and builds firm, muscular, fiealthy flesh tissue.

unces, invigorates the liver, purness and enriches the blood and builds firm, muscular, fiealthy flesh tissue.

It is an old saying that women are hard to kill. There is some truth in this, as far as the majority of illnesses are concerned. There is one class of disorders, however, that quickly undermine any woman's general health. No woman can retain her strength who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible. Dr. Pierce's Favorite Prescription is an unfailing cure for all disorders of this description. It acts directly on the sensitive organs concerned, in a natural, soothing way. It makes them strong, healthy and vigorous. It prepares them to bear the burdens of maternity. It is the greatest of nerve tonics. The woman who uses it will bear healthy, happy children, and live to a ripe old age.

Dr. Pierce's Pleasant Pellets regulate and invigorate the stomach, liver and bowels. By all medicine dealers.

Dr. Humphreys'

Specifies act directly upon the disease, without exciting disorder in other parts of the system. They Cure the Sick.

GREAT

February SHOE SALE.

This is a case of force-

This will be your month at our store. If you need Shoes or Rubbers, you can have things pretty much your own way. We have too many goods in the house, and just a short month to sell them—we must reduce our stock; there is no other way out of it. Our spring goods will be here March 1st, and this sale is to empty our shelves of winter footwear AT ANY PRICE to make room for new goods.

PRICE to make room for new goods

We Want to be Understood

We are not in business for our health, and it is not often we sell shoes without profit. This is one of the times we do, and we consider it good policy to close out all our winter goods even if we do so at a loss. We then get the much-needed room and can buy an entire new stock in the fall.

Our Prices This Month

Will be Record Breckers.

We cannot go into detail regarding orices, but we promise you to meet and oetter any prices you can get in Butler.

It is near plowing to the past of the past of the process of embalming have encouraged modern attempts at the preservation of the dead. Some of these are mere temporary expedients to keep the body

It is near plowing to the past of the process of embalming have encouraged the process of embalming have encouraged to past of the past for a brief time before burial. Others attempt to make the preservation per manent. A qualified success in this di-rection has led to the assertion that the lost art of embalming has been

This is the age of electrical wonders The area of human affairs into which the mysterious current does not run and revolutionize existing conditions is practically unknown. The domain of the "great majority" is its latest field

of operation.

A scientist of most advanced electrical ideas, who recently returned from Europe, is the advocate of an applica-tion of electrical methods for the pres-ervation of the dead. He holds that his experiments prove it not only en-tirely practical, but the genuine end of e age system of permanent embalmers. He has been a laborious student of Egyptology, and is familiar with all the discoveries made in the disinte-grating of the mummies from their ancient coverings.

During a stay in Rome he visited the ment of infantry. The late war served also to refresh his memory concerning also to refresh his memory concerning contain tombs with earth from JeruWhen new interments are to be given when a desired movement is to be executed. He was with a friend, also of made the bones longest undistarbed in these vaults are taken out. From these the most ghastly decorations for the walls and roofs have been fashioned. While looking at the crumbling remains of the 4,000 departed monks lined up against the wall it occurred to him that if bodies were only treated to the electrical process by which they ould be incased in a metallic surfac they would thus be preserved intact and lifelike for all time.

Experiments followed, which the scientist regards as highly satisfactory. To those unfamiliar with the process of electrotyping it may be said that to umbled and this is what they sounded to the soldier:

of electrotyping it may be a thin film of metal deposited on the entire surface it is first covered with lumbago-more familiar to unscientific ken in stove polish. Then with an acid bath and the electric current the

transfer is effected. Ordinary metallic platings of table wate and other articles of familiar use are common enough, but experiments had to show that the idea was also ap plicable to other substances. Meats and vegetable fibers were so treated to "What the dickens are you doing, Bill?" asked the friend. "This is no barracks nor parade; it's a hash fountable found to his satisfaction, and then he advanced to his embalming theory. to his embalming theory.

In this the body is prepared for the ordinary embalming. The viscera are removed and the preservative liquid is injected into the veins. A coating of metal applied by the electro-plating process then hermetically incases the whole frame and it is preesrved intact

Fine Embroidery from 1 cent to 75 cents per yard. This is the handsomest and most complete line ever shown in Butler, consisting of Swiss, Nainsook and Hamburgs lace edge embroidery—all overs—and all the newest effects in Embroideries and Laces for Spring of 1899,

See window display.

MRS. J. E. ZIMMERMAN.

Whiskey Medicine!

We don't claim that whiskey is a "cure-all", but physicians! tell is that a little good whiskey as a stimulant is helpful in nearly all cases brought on by changes in the weather. Have you the "GRIPPE"? Have you a heavy COLD? If so get some whiskey and note it's good effect.

We have a reputation for keeping good liquors.

Guaranteed absolutely pure and free from all impurities--Here are some of our prices: Anchor Rye-A good whiskey for the money, \$2.00 per gallon. Cabinet Rye-Can't be beat, - - 3.00 ' Bear Creek Rye-A very fine whiskey, - 4.00 " "

We have some very fine Cailfornia wines of 1892 vintage, Port, Sherry and Angelica at \$2.00 per gallon. They are of good body and of exquisite flavor. Remember we pay expressage on all orders of \$5.00 and over except where a transfer is necessary from one Express Co., to

Gin, Rum, Kummel, Brandy, \$2.00, \$2.50 and \$3.00 per gal
