During last week the Boers had Ladysmith completely invested, and fighting was proceedingly daily. The British would sally and attempt to capture Boer batteries. On one day there were three separate engagements. A party which rode out from Estcourt, a few miles below Ladysmith on the railroad to observe the bombardment could see a Long Tom, a 40 pounder, posted on a railway side of the Bulwara, firing at intervals of six to eight minutes. Another gun was observed in operation a little distance away. Puffs of smoke ere discernable on the oppos showing that Ladysmith was withstanding a big bombardment. The locality of the town was nothing but a huge caldron of smoke.

ELECTION FRAUDS.

In Philadelphia five men have been arrested for ballot frauds at the late election. They are the election board of the thirteenth division of the 7th ward of that city and the arrests were made on the confession of one of the men, George Kirkland, who was employed by the North American for that purpose. The other four members.

We cepted as a fellow-criminal. We worked on the theory that should the slightest the city administration, the mackine would be warned and our plans suffer defeat. It is our sure expectation that at every step in the prosecution of the arrested stuffers and repeaters the city administration will do its best to thwart the law.
