HON, JOHN DALZELL FOR SENATOR.

Why all this fuss and bother about lecting "Quay men to the legislature" to re-elect Quay senator when the

want to dictate all nominations and want the people to endorse them. Take on the first severe paramount to those of the party and the State and above constitutional law, he would not now be affronting the intelligence of the United States Senate with a demand to be at mitted to a seat on a claim such as no one has ever before had the effrontery to present and which if yielded to means the subversion of the Constitution, reversing all precedents and placing the party as late. Mr. Quay is peculiarly considerate of the party when it is going to serve his personal purpose to be so.

The Republican party has been very generous to Mr. Quay. For more than forty years he has almost continuously held some office of profit at its lands. He has had the best all the time, and it has always been profitable to him. If he vere willing now to do even one hundredth part as well by the party as

as eff the party when it is going been every accordance with the second problem of the compression of the control of the compression and took as that Transacre, int with over the state treasury and brings of the state treasury and the state treasury an

QUAY OR ANTI-QUAY---WHICH?

This campaign has resolved itself into a square issue as to whether or not the ople are for or against M. S. Quay for United States Senator. The Senator and Assemblymen to be elected this fall will have the electing of a U. S. Senator, cus that was held by "Bill" Andrews and as we have had several inquiries as to how the candidates stand on this issue, in order that there be no mistake we give the candidates and the respective

The Court—Who do you allege this conspiracy that you are talking about

through the legislature. By reason of having no apportionment we have been electing two Congressmen-at-Large in the state. The apportionment bill got well under headway, in spite of all the opposition the Quay crowd could throw in its way, and was about to become a law—something must be done—so he left his senatorial duties at Washington, went to Harrisburg and commenced "lining up the Republicans" the bank's management was discovered, and the evidence was obtained on which the prosecution of Quay was based. Here was a clear violation of the Con-stitution which says an appropriation of the Con-not have had before, and will also show The language of Mr. Watson clearly SHALL be made after every decennial census, an utter disregard of the Republican caucus that had agreed to an apportionment bill, showing that Quay don't care a snap for constitution, law, caucus or anything else, unless it brings

to re-elect Quay senator when the people don't want him? Quay has been holding office continuously for about FORTY-FIVE YEARS which is surely enough for one man. Let Mr. Quay retire to his fishing preserve in Florida and devote his time exclusively to fishing if he wants to. Then let the legislature elect John Dalzell senator and all this "fussification," bickering and fighting within the party will cease. Let all our voters who agree to this vote for the Aati-Quay candidates.

This will make even Quoy emile. It is as innocent and seductive as the reform platform put through the State Convention of 1895 by Mr. Quay himself, and afterwards repudiated by its author and always laughed at by his political associates, who knew it was never intended to be carried out. If Mr. Quay did not intend to put his personal desires above those of the party, if he did not think his own personal interests were paramount to those of

Courts of Philadelphia who are now serving terms in the penitentiary, and six other violators of the election laws who "jumped their bail" to escape trial on the indictments against them. We think all such fellows should be opposed. Yet the Eagle says Republicans who oppose Quay and such violators of the law as these are "Insurgents."

We had three doctors called when our two children had Diphtheria. Antifoxine was used in both cases, but on Saturday we buried our little girl. The boy being no better, we legan next day Sabbath to treat him with 'Armstrong's Diphtheria and Quinsy Grops." In Monday the doctor was surprised at him provement, and in five days the boy was viel. We used nothing else for his throat, and I think our little girl would have been urred if she had received the same treatment. I cannot speak too highly in graise of this remove. Mrs. KATE HAGAN.
