WASHINGTON NOTES.

Last Friday it was expected that the Quay case would come to a vote on Tuesday of this week, and the delay of the Committee on Privileges and Elections in presenting its report on the case of Senator Clark (Democrat) of Montana, accused of buying his seat caused all sorts of surmises, but on Saturday it was announced that Clark would not be taken away from both Legislature and allowed to vote on the case.

Governor. On Monday the Committee on Privileges and Elections submitted its unanimous report to the Senate in the case of Senator Clark. The finding is that his election is "null and void on account of briberies, attempted briberies and corrupt practices by his agents, and of vioation of the laws of Montana defining and punishing crimes against the elec-

POLITICAL

At the Republican primaries held in Tioga county (Gov. Stone's native county) last Saturday, the Antis had everything their own way. The convention met, Monday, and the official canvass showed that Jerome B. Niles had a majority of 688 over David Cameron for president judge. Senator Merrick, the Quay leader of the county, failed to carry his town of Blossburg. Hitchcock, anti-Quay for the Legislature, defeated H. M. The vote of Somerset County was close-about 3200 to 3000-and the Antis complained of the vote of some newly established mining towns in the northern part of the county, which was almost solid for the Quayites. F. J. Koozer for Congress, and W. H. Koontz and S. A. Kendall for Assembly, all Antis, are the nominees. The re-nomina tion of Gen.
