Life Aboard an Arctic Boat.

The days and weeks pass without our taking any account of them. We get used to the routine of life.

Wisconsin is one of the most important potato producing states.

The total annual production of starch from potatoes in the United States is about 15,500 tons.

Denmark still holds the palm for the best butter.

Some one who has been studying official statistics says that in 1900 farmers received \$185,296,172 more for their products than in 1890.

He Fancied a Sprint.

"I think I'll have some of those crullers," said Jones at the lunch counter.

A Good Beginning.
