Republican County Ticket. FOR DISTRICT ATTORNEY, E. E. YOUNG. FOR CLERK OF COURTS.

W. H. CAMPBELL.

FOR COUNTY SURVEYOR. B. F. HILLIAKD.

On Thursday last the Councils of Philadelphia passed ordinances granting franchises to the dozen or so companies which had taken out charters covering the streets of the city and the Mayor to veto the ordinances and take such steps as were necessary to secure the interests of the people, but he

cure the interests of the people, but he did not he signed the ordinances that might.

"Whatever the origin of the railway bills, those in political power quickly perceived their value and made the scheme their own. The senior United States Senator, whose son is concerned in the Pittsburg corporations, assumed the leadership of the movement. The jumior Senator joined him as representing speculative interest in the easterned of the State. "We knew through our friends," explained Congressman Foerderer, "that the thing was to be done. It opened the way for those who were ready to take advantage of it, and the were among those ready to do so." Mr. Foerder was elected to represent the States Congress. He was "ready to take advantage" of a scheme to secure control of the highways of the State for private speculation.

One of the bills by which "the thing was to be done" was introduced by State Senator Focht. He appears now as one of the corporators who have secured privileges under it covering most of Lackawanna and Luzerne counties. The head of this speculation is William Connell, who represents an important district of Pennsylvania in Congress, but whose emergies are devoted to the practical politics of Scranton. At his request Gov. Stone has appointed his nephew Recorder of the city, under the new ripper act, thus removing possible obstacles from the way of his railway schemes.

The Governor and his colbinet were basedle subjected in this conspiracy to the conference, that lasted over two

As Philadelphia, Pittsburg and Scranton were the richest plums, they were distributed first. Other officials and adherents of the machine and the allied in terests will receive charters covering the various counties, and the highways, turnpikes, bridges and passengers railways of the State, as fast as typewriters can work. The whole power of the State officers, the United States Senators and the Representatives in Congress has been concentrated to divide among themselves the rights and privileges that belong only to the public, for their own speculative profit, the aggrandizement of themselves and their friends and the destruction of the property of others. Such a saturnalia of speculation, corruption and malfeasance in office makes the acts of the negro Legislatures in the South appear white by comparison."

number of appropriation bills, finally.

Yesterday the Legislative apportionment bill was killed in the House by a sagain called in question on the charter trailers.

State Mine Inspector James Blick, of the Seventh district, and Arthur Hadley a brother of Samuel Hadley, who is dead in the mine, were also made part of the conference, that lasted over two hours. At the conclusion of the meeting and discussion it was the unanimous opinion that nothing could be done to get the bodies out. The amount of gas made it impossible to take and burn lights in the portion of the mine beyond the overcast, while to start ventilation there would cause more explosions by mixing the gas with pure air. In this case the bodies might never be recovered, but instead be burned.

It was consequently determined to simply maintain existing conditions, and to watch the indicators for a better

The 77th birthday anniversary of Mrs. David Renfrew was celebrated at her home in Renfrew, Pa., on Monday, June 17, 1901. The day was an ideal one and we were glad to see that Mrs Renfrew's health was such, owing to her advanced age, that she was able to extend the hand of welcome to all. Her entire family were present—six daughters and two sons; and in this reunion there were four generations represented, together two sons, and in this remaind there were four generations represented, togethe with many friends and neighbors, in cluding in all 70 persons who enjoyed the bountiful repast that had been s generously prepared by the daughter and friends. R. R. Quay, W. C. Farnsworth and others securred another batch of charters that day and Friday, and then the charter office closed for the week.

On Saturday the aggregate of the appropriations listed by the appropriations committee was twenty-six and a half millions. It was stated that the revenues of the state had somewhat increased, but that at least sixty of the three hundred and nine bills for state aid would be pigeon-holded.

a number of appropriation bills, finally, including one for \$15,000 for the Butler Hospital. The House, that day passed appropriation bills aggregrating five and a half millions and the Butler Hospital bill was probably among them. Both houses were rushing things so as to be able to adjourn next Thursday.

A dispatch to the Pittsburg Times dated that might stated that the legislators are more or less exercised to night over a mysterious rumor that within a day or two arrests are to be ruade in their membership on charges of bribery. Everybody here seems to have heard the report, but no one seems to know where it originated or the particular measure in connection with which the members were bribed. It is generally accepted during the session, but those who gave the bribes were given and accepted during the session, but those who gave the bribes and those who received them seem to rest secure in the belief that the corruption cannot be sufficiently uncovered to be dangerous to them.

It is not improbable that the rumor of the proposed arrests grew out of the interest surrounding the meeting of the anti-Quay Republicans Tuesday night. The question of bribery was not discussed at that meeting, however.

A Valuable Publication.

The Low Priced Drug Store,

On June 1 the Passenger Department of the Pennsylvania Railroad Company will publish the 1901 edition of the Summer Excursion Route Book. This work is designed to provide the public with descriptive notes of the principal Summer resorts of Eastern America, with the best rcutes for reaching them and the rates of fare. It coniains all the principal seashore and mountain resorts of the East and over seventeen hundred different routes or combinations of routes. The book has been compiled with the greatest care, and altogether is the most complete and comprehensive handbook of Summer travel ever offered to the public.

The cover is handsome and striking, printed in colors and the book contains printed in colors and the book contains several maps, presenting the exact routes over which tickets are sold. The book is profusely illustrated with fine half-tone cuts of scenery at the various resorts and along the lines of the Pennsylvania Railroad. On end after Input, this very inter-Scientific American. On and after June 1 this very interesting book may be procured at any Pennsylvania Railroad ticket office at the nominal price of ten cents, or, upon application to the general office, Broad Street Station, by mail for twenty

sons who have used "Golden Medical Discovery" (and when necessary consulted Dr. Pierce by letter, free), ninety-eight per cent, have been perfectly and permanently cured. In severe cases of pulmonary disease "Golden Medical Discovery" has worked wonders. It has come to the sick man or woman as a last resort. The breath came in gasps; the eough was deep and distressing, there were hemorrhages, night-sweats, emaciation and great weakness. The doctor in many cases had gone his way saying "There's nothing more to be done." Then Dr. Pierce's Golden Medical Discovery was used and the cure began. The cough disappeared. The hemorrhages ceased. Flesh was put on. And the once hopeless sufferer was at length restored to the activities of labor and the enjoyment of life. Thousands witness to these facts and these witnesses know whereof they speak because they are men and women who testify that they owe their lives to "Golden Medical Discovery," and Dr. Pierce.

"My husband had been coughing for years and people frankly told me that he would go into consumption," writes Mrs.

John Shireman, of No. 265
25th Place, Chicago, Ills.

"Had such terrible coughing spells, we not only grew much alarmed, but looked for the bursting of a blood-vessel or hemorrhage at almost any time.

After three days' coughing he was too weak to cross the room. The doctor did him no good. I stated the case to a druggist, who handed me a bottle of Dr. Pierce's Golden Medical Discovery was remarkable. In three days after he began using Dr. Pierce's Golden Medical Discovery he was up and around and in two more days he went to work. Two bottles cured him."

WHAT WOULD IT COST to consult the ordinary

WHAT WOULD IT COST

what would it cost to consult the ordinary specialist in disease? More in most cases than the average person has to spend in fees. Vet persons suffering from chronic diseases are invited to consult an extraordinary Specialist by letter, free.

Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., is an extraordinary specialist. He is extraordinary in an unbroken experience in the treatment and cure of disease which extends over thirty years. He is extraordinary in his success: 98 per cent. of those he has treated being absolutely and entirely cured. He is extraordinary in that he puts at the disposal of correspondents not only his own services but the services of his medical staff numbering nearly a score of qualified physicians. There is no other offer of free medical advice which has behind it so renowned an Institution as the Invalids' Hotel and Surgical Institute, or such a successful specialist as Dr. Pierce. Wite in confidence to Dr. R. V. Pierce, Buffalo, N. Y. Do not accept any substitute for "Golden Medical Discovery." The medicine that dealers sometimes offer as "just as good" as Dr. Pierce's is not the medicine which has cured the thousands who testify that when all other medicines failed "Golden Medical Discovery" restored them to perfect and permanent health.
