HARRISBURG.

On Thursday last Gov. Stone's lists of approved, vetoed and reduced appropriations were made public.

The appropriation of \$200,000 to the State Normal Schools and \$1,000,000 to cover the deficiency in the budget appropriation caused by Gov. Stone's veto in 1899, are approved.

The heavy cuts are made in the private charities, which include hospitals not dependent upon the State.

There is some talk at Harrisburg of the probable composition of the new Capital Commission and the names of several responsible men are mentioned as likely to be chosen by the Governor.

It is also said that the Governor will give his own direct personal supervision to the work of the commission.

The Strike.

Wellsville, O. was the storm center of the strike last Thursday and President Shaffer of the Amalgamated was upon him made a speech against the strike and urged the men to stay together.

On Saturday great mass meetings of strikers were held at McKeesport and addressed made. The general public was not so much interested in the strike as it was in the public acceptance of their face value by the United States Steel Corporation on the one hand and by the Amalgamated Association on the other.

The men left the railroad tracks at Pottsville during the night and were killed and severely injured.

A section crew on the Bessemer and Erie line returned home from work when the storm came up and the men left the railroad tracks at Pottsville during the night.

The place is only a short distance from town, and some of the men argued that it would be better to come into town and stay in the hotel.

Three other men, Lin Covert, Edward Hosack and one who is not named, were rendered unconscious for several hours from the same flash.

During the storm a house occupied by a family of six persons was struck and the house was destroyed.

"A Good Beginning Makes a Bad Ending." That saying seems to have been born of the superstition deep rooted in humanity. It is akin to that other saying, "A bad beginning makes a bad ending."

It would be a ridiculous proposition to affirm that bad is the necessary outcome of good. But just as many a day which begins with a cloudless sky ends in storm, so many an event in life which begins with a bright and sunny day ends in gloom.

My health is the best now that it has been for four years, writes Mrs. F. H. Morris, of Ira, Cayuga Co., N.Y., Box 52. "I have taken but two bottles of your medicine, 'Favorite Prescription,' and now I can work all the time for a sacred confidence in the power of your medicine. I was sick in bed nearly half the time. My advice to all who are troubled with nervousness, is to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'—the most powerful medicine for the cure of all ailments."

Some medical works content themselves by classifying advice under the head of "Do's" or "Don't's." Dr. Pierce's "Favorite Prescription" is a plain guide to health written in plain English, and is a most valuable work. It is sent free on receipt of stamps to pay expense of mailing only. Send 31c. postage and return to Dr. J. C. Wagner, Buffalo, N.Y.
