the case of Jas. Wilson vs Jos. Brown.

The Fosburg trial at Pittsfield, Mass was ended last Friday by the Courts instruction to the jury to render a verdict of acquittal. The result was not a surprise. The only remarkable thing about it was that the case proceeded so far, or, indeed that it ever began.

On account of these alleged discrepancies, the most important of which were proved to be imaginary, he constructed a theory that the father and son had a violent quarrel and that the daughter was shot in the struggle. He had absolutely no evidence to support his theory either of family enmity or of the supposed struggle. But because he L. S. & M. S. from Oll City; B. A Traveling Pain.

There is no disease quite so peculiar as rheumatism. The pain which is in the little finger to day may be in one of the toes to-morrow. And so it travels all over the system, seeking an outlet, and finding none it settles permanently in one place, and from its home other pains start out, and settle down and multiply. Dr. Drummond's Lightning Remedies for rheumatism attack the disease from all points at once, and their work is always successful. If your druggist has not got these remedies, write to the Drummond Medicine Co., New York, and describe your case. Agents Wanted. tract has been in for a month past and is doing 12 barrels.
