NOTED BOOK THIEVES

HISTORICAL FIGURES WHO STOLE UNIQUE VOLUMES.

Inspector General Libri was the King of the Bibliophile Thief. A Cardinal, a Bishop and a Priest infected with the Mania.

Whatever may be the causes which prompt a person to steal books, there is also this consolation: frequently the good company.

Moore, bishop of Ely, has likewise come under such a stigma. The anecdote runs to this effect: A gentleman calling on a friend who had a very choice library found him unusually busy in putting his best books out of sight.

Of another and equally extreme type was the Spanish priest Don Vincenito, who sold books and then murdered the purchasers to regain possession of his coveted treasures.

Tall Beaver Story. A story comes from the Yellowstone National park to the effect that a keeper caught and tamed a young beaver.
