Dr. Pierce's Favorite Prescription is for the cure of womanly diseases. It establishes regularity, dries unhealthy drains, heals inflammation and ulcera-tion and cures female weakness. It is the best preparative for motherhood, giving vigor to the body and buoyancy to the mind. It so strengthens the organs of maternity that it makes the bady's advent practically painless. As a tonic for nursing mothers it has no equal. It increases the nutritive secre-tions and strengthens and nourishes both child and mother.
