To the Republican Voters of Butler County.

I most respectfully solicit your support. If I am successful, or if this nomination is conceded to me, I promise to use my best efforts to have presented to the District Convention of the Congressional District, in proper form, the claims of Butler county; and if possible, to procure for our county the first candidate in the new district. Butler county will be entitled to a part of the present Congressional decade. Why not the first part of, it? That Butler county should not receive as great a part of the time as Westmoreland, (as she should not) is no reason why she should not receive her proper share first?

Welcoming the Prince.

Prince Henry of Prussia, representative of his brother, the Emperor of Germany, at the launching of the latter's American-built yacht reached New York Sunday and was welcomed as a guest of the Nation. The land batteries that guard the outer harbor sounded the first greeting in a ponderous salute of '21 guns; the rifles of a special naval squadron assembled in his honor re-echoed the sentiment; there were verbal greetings from the representations. The large of his age and physical deficiencies, he is nearing the close of his stone; their proposition was that the money should be sent first and an opportunity afforded them to cover their tracks and dispose of it before their captive was set at liberty.
