#### WASHINGTON NOTES.

sday afternoon of last week the Senate voted in favor of the Panama lions to complete negotiations and begin work, if a good title can be secured to the old canal. The canal is to be built

On Monday the Senate refused to con sider the motion made by Senator Quay to take up the bill admitting New Mex-ico, Arizona and Oklahoma as states.

Senator Quay got no opportunity in the Senate Tuesday to press his motion to take the bill to admit Oklahoma. Arizona and New Mexico as States away from the Committee on Territories. He said he had been unable to get ployed against it. He, therefore, would et it go over until next day. He gave notice that after that evening he would object to any further business being cted by unanimous consent until his motion was disposed of, and that he would call up his motion next day.

At Erie, yesterday, the Democrati State Convention nominated Robert E Pattison for Governor; George W. Allegheny county for ant Governor, and James Nolan of Berks county for Secretary of Internal Affairs. Philadelphia county was allowed but 29 delegates.

#### Guilty of 31 Murders.

Jane Toppan, murderess and degenerate, committed to Taunton Inscribos of a trial, wherein she was found not guilty of murder by reason of insanity in poisoning Mrs. Mary D. Gribbs, of Catumet, has killed at least 30 other persons, according to her own confession. A nurse by profession, enjoying the confidence of an unlimited acquaintanceship, of seeming livable disposition, skilled in the uses of medicines, especially of narcotics, she was at heart a maniac, whose delight was to see her patients writhing in death's agony. And her work did not stop there for having baffled medical skills othat the attending physician would assign a natural cause of death, she would seem to recover her normal mental poise and sorrow with the living for the loss of a loved one.

Jane Toppan's crimes were revolting beyond all description, but the details perhaps will never be known, for the lips of her counsel are sealed. Her confession was not made as a story of wholesale murder, but has been drawn

Her confession was not made as a story of wholesale murder, but has been drawn out little by little when her counsel has talked with her in Barnstable jail.

The Referendum Wins in Oregon 1827. PROGRAMME 1902.

To many who are interested in the rogress of democratic ideas the most ignificant result of the recent election n Oregon is not the success of the personally popular Democratic candidate for Governor, while at the same time the Republican Congressmen won by increased majorities, but the adoption by the people of a constitutional amendation in the people of a constitution in the nally popular Democratic candidate ment putting into effect in a practical form the principle of the Initiative and

Referendum.

Upon petition of five per cent. of the legal voters any act passed by the legislature must be submitted to a popular vote. Upon petition of eight per cent. of the voters any measure, even if voted down by the legislature, must be so submitted. Many advocates of the Referendum believe that in practice few measures will be brought to the actual test of a popular vote, holding that the main effect will be to deter the egislature from passing laws likely to meet the disapproval of the people.

is claimed also that when the people have the right to demand submission of any measure to a popular vote, the motives for bribery will be largely eliminated. The idea seems to be gaining in favor as the years go on.-Ex.

WHILE the Chinese cruiser Kai-Chi was lying in the Yang-Tse river, last Sunday, she exploded and sank im nediately all the crew, excepting two, being killed or drowned.

ROAD. tory. The Roman naturalists christened the leopard leopardus because they supposed the spotted creature was the joint offspring of lion and tiger. So the name leopard, embalms ancient ignorance and preserves it like a fly in amber.

It is the same with the word rheumatism. Its name implies that it was supposed to be a sort of rheum, a catarrhal affection, such as results from a cold. And while the treatment for rheumatism was based on that theory it was small wonder that cures were infrequent. Today we locate the cause of rheumatism in the blood and we drive it out scientifically by the use of Doctor Pierce's Golden Medical Discovery. WESTERN PENNSYLVANIA DIVISION

## THE KNIGHTS OF OLD

The One Foe They Feared.

The Knights as a rule feared "no foe in shining armor." In the fights they indulged in it was give and take, and as a rule the best man won. But there was one foe who ever haunted the damp and draughty eastles of the Knights, one of whom they stood in abject fear, and that foe was rheumatism. Rheumatism in the shoulder and no more swinging of the sword. Rheumatism in the legs and no more striding of the war charger. Unhappy were the servants of the Knight who was kept at home by stiffened limbs and aching bones when great things

When the cause of rheumatism is located in the blood it is at once evident that the one thing to do is to purge the blood of the acids and poisons which breed and feed the disease. In all common forms of blood disease, Dr. Pierce's Golden Medical Discovery may be used with absolute confidence in the result. It cures scrofula, salt-rheum, tetter, eczema, pimples, bolls, ulcers, sores and eruptions of all kinds which are caused by the corrupt condition of the blood. It is the

Words it has been said are fossil hispurifies the blood but it increases it in quantity and enriches it in quality. The proof of this is found in the fact that the vitality of every organ of the body is increased by the use of the "Discov-ery." The liver is made active, the kidneys throw off disease, the heart is strengthened, the lungs are healed, and the body gaining in flesh and increasing in weight records this gain of vitality in pounds and ounces of sound, solid flesh.

BROIN RIGHT AND BEGIN RIGHT NOW.

If you are suffering from rheumatism or any other form of blood poison, begin right by using the powerful blood purifier, "Golden Medicai Discovery." And begin right now. Don't put it off. Delay is the friend of disease. Every day of delay means a longer struggle when the battle begins. Drive the corrupt causes of disease from the blood. Be rid forever of scrofula. Wash 'he pimples from the skin, heal the defiling sores, and bring back the flesh tints and contours of youth. "Golden Medical Discovery" does all this and more, on the testimony of thousands of self-respecting men and women.

There is no alcohol in "Golden Medical Discovery" and it is free from opium, cocaine and all other narcotics.

# Golden Medical Discovery. THE MODERN TREATMENT. "Quite a number of years ago, v-hen I was a girl at home, my father was prostrated upon a bed of sickness," writes Mrs. P. M. Wheeler, of No. 2 Ann Place, Bradford, Penna. "He had rheumatism and a complication of troubles which baffled the skill of three of our best physicians. All through the winter months he lay upon his bed, suffering severely at times with rheumatism in his limbs. While in this condition a pamphlet containing a description of Dr. Pierce's remedies fell into his hands. I remember of his sitting up in bed and reading it through and then exclaiming. That medicine is just what I need! Just then a neighbor came along who was going to town and we sent for a bottle of Dr. Pierce's Golden Medical Discovery. We laid aside the doctor's medicines and commenced giving my father the 'Golden Medical Discovery, according to directions. The first three days he felt worse, as is often the case. After that he commenced to gain. His physician was surprised at the change in his condition and candidly admitted that the 'Golden Medical Discovery' was doing more for him than he had been able to do.
