A Great Work.

The Pennsylvania R. R. Co. intend spending about six millions of dollars elevating its tracks through the city of Allegheny, and Butler people who find themselves in that town, with ar hon to spare, should take a look at the great ork now in progress.

The huge concrete walls now being built will average over twenty feet in height, between the West Penn station and the Fort Wayne bridge, and are twelve feet thick at the bottom and two and half at the top. They rest on concrete foundations ten feet deep, and will be surmounted by a handsome stone coping, making them from top to bottom about thirty five feet high. On the outside they are smooth, but on the inside look like a pair of steps, and the space between the two walls will be filled in with earth. These walls are expected to stand for the human "forever." Federal street and the other streets will be crossed by iron bridges. The new "Union" station will be on the site of the present West Penn station, and the freight depot will be located upon the ground now occupied by the Saner's hotal May Klein and other. Whole blocks of buildings are being torn down on the west side of Federal, and the walls on that side will extend to the Park

She was rooming with Mrs. Amos Steelsmith on Institute Hill, at the time. Mrs. Steelsmith was awakened by the smell of gas, and went down stairs and opened the doors and windows of the kitchen. Mrs. Grieb became alarmed and followed Mrs. Steelsmith going through the parlor and opening a door that allowed the gas to reach a burning jet. The explosion followed, Mrs. Grieb's night dress was ignited, and she ran out upon the lawn where she fell, and was fatally burned. It Was a Great Big Jam.

That is how a number of our customers expressed it in speaking of our Saturday's trade. It was the first day of our Great Clearance Sale and a great day it was It kept our entire force of clerks busy wrapping up the goods as fast as the crowd picked them off the counters. Many of the great heaps of footwear which had been piled on our immense counters dwindled away like snow beneath a hot sua, but we are not going to stop at this. We will keep the good work going on; we will keep these counters filled up, if we have to lose a good deal of money. We want every family in Butler county to get a share of these great bargains, but don't wait too long. There is an end to all things and at the rate they came on Saturday it will be impossible to keep all sizes very long. Stop in and see the busiest store in Butler county, whether you want to buy or not. The goods are displayed so you can look them over at your leisure. We are sorry our customers could not all get waited on Saturday night, but we will have larger force of clerks hereafter, so come again.

Large Bargain Counter

Running Full Length of Store All goods separated in different lots, each lot marked in plain figures, so you can look over the whole lot and pick out what you want. This lot of goods includes Men's, Women's, Boys', Girls' and Infants' Footwear. all marked at slaughter prices. We have had an immense trade this season on Spring and Summer footwear, by far the largest he have ever had. Duplicate after duplicate was placed on goods, but our immense trade just before the glorious Fourth left us with many lines broken in sizes. We did not have all sizes of any one line, but all sizes in all the different lines. We felt after the great amount of goods we had sold we could afford to almost give balance away, so concluded to wind forepart of season up with one of the greatest clearance sales ever held in Butler.

No After Fourth Dull Season Here

Trade is usually quiet every place just after Fourth; not so here. Our patrons have got to know that when we advertise a marked down or bargain sale that it is genuine and no fake to fool or try and fool people into coming this way. We always have the goods to back up what we advertise. We did not have time to put ad in paper for Saturday, so just penciled announcement on window that we had a Clearance Sale and the way the crowd came flocking in made us feel as though our greatest and the standard of the same translated. Share will not penult us to give way the crowd came hocking in made us reed as though our greatest anticipations had more than been reached. Space will not permit us to give in detail the greatest amount of bargains to be had at this busy store. Will just say, Follow the crowd and come in and look them all over. We have a large electric fan going and a big tank of ice water on tap for convenience of our visitors. Come in and enjoy them both, whether you want to buy or not. Largest force of clerks of any shoe store in Butler.

THE NEXT STEP

What She May Expect.

The Goal of Love is Marriage

and the Goal of Marriage

is Maternity. When a young man and young woman are very much in love every step of life they take is timed to the music of the wedding march. The happy consummation may be years away, but down the path of the years the clear eyes of love discern the spot which some day they shall call home. And when the marriage is consummated and the home founded another thought begins to fill the minds of wife and husband, a thought that lies too deep for words, the thought of a cooing baby voice, of

HOW TO PREPARE.

in wifely preparation is to prepare for motherhood. Preparation by the use of Dr. Pierce's Favorite Prescription will give bodily strength and mental cheerfulness. It will banish that feeling of fear and apprehension which so many women suffer from at this time. It will encourage the appetite, induce refreshing sleep, and make the baby's advent practically painless.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. C. W. Young, of 21 South Regent Street (Lee Park), Wilkesbarre, Penna. "I had several mishaps before my husband persuaded me to take your medicine. My back used to almost break when at work and I would get sick at my stomach and have such headaches I did not know what to do; they used to set me nearly crazy, and I used to dread to get up, I felt so bad. Then I began taking your medicine. When baby was expected I took it all the time I was that way. I felt fine all the time and I never get those dizzy spells now. I hardly ever have a nervous headache any more. I have a perfect romp of a boy; he is the light of our home. I am now twenty years old and my baby is almost eight months old. I feel well, and weigh 180 pounds, and the baby 23½ pounds. We feel very grateful for the good your medicine did for us. We are both hearty, thanks to Dr. Pierce's medicine." FOR BABY'S SAKE

the use of Dr. Pierce's Favorite Prescrip-tion is advised for all expectant mothers. It not only helps the mother but helps the child. All the child's strength must the patter of tender baby feet and the music of happy baby laughter.

If the love of man and woman leads to marriage, and marriage looks to mother-hood, what is the plain and obvious duty of the woman about to assume the obligations of wifehood and motherhood? It is her duty to prepare herself for her own sake and the sake of the children that may be given her, as well as for the scription" gives the mother strength to give her child. There is no alcohol in "Favorite Pre-scription" and it is absolutely free from opium, cocaine and all other narcotics. Women suffering from chronic ail-

Women suffering from chronic allments are invited to consult Dr. Pierce by letter free. All letters are privately read and privately answered and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce in his personal consultations with women at the Invalids' Hotel and Surgical Institute. Address Dr. R. V. Pierce, Buffalo, N. Y. The first thing to do is to cure diseases The first thing to do is to cure diseases of the delicate organism which undermine the health and strength. Regularity should be established, disagreeable and weakening drains must be stopped, weakness must be cured.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ont., "and two bottles of the 'Pleasant Publishes were strived for expectation of Miss M. Fyfe, of Orilla, Simcoe Co., Ont., "and two bottles of the 'Pleasant Pellets,' as you advised for congestion of the uterus, and for weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you for your kind and prompt attention to my letter asking advice."

Dr. Pierce's Favorite Prescription meets the needs of women at every period of life. It is invaluable in that transition period when the girl becomes a woman, establishing regularity and promoting the general health. It dries offensive and enfeebling drains, heals inflammation and ulceration and cures female weakness. From the time of the first change from girlhood to womanhood until the last change of life, in all the weakness of womanhood and trials of motherhood Dr. Pierce's Favorite Prescription is a true woman's friend. It makes women strong and well.

"It is a pleasure for me to recommend your medicine, 'Favorite Prescription' and 'Golden Medical Discovery,'" writes Mrs. Rhoda Russell, of Corbet, Navarro Co., Texas. "I had suffered for years with a disagreeable drain and other female troubles, but now, thanks to your medicines, I am much better and your medicines have done me more good than all else. I took nine bottles of 'Favor-
