

Sideache, Backache, Headache.

And many other aches to which women are peculiarly subject are generally the result of a diseased condition of the womanly organism. When this diseased condition is cured, sideache, backache, headache, etc. are cured also.

Doctor Pierce's Favorite Prescription establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. When these diseases are cured the aches they cause are also cured.

"I will give you a few lines today to let you know that I am feeling well now," writes Miss Anna, of Philadelphia, Pa. "I was so ill for several months. I took several bottles of your 'Favorite Prescription' and the Golden Medical Discovery. I have no headache, no backache, and no pain in my side anymore. No hearting-down pain any more. I think that there is nothing else in the world that has done for me—your medicine has done much good."

The People's Common Sense Medical Adviser, a book containing 1000 pages is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 25 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

SECONDHAND STORES.

Modern Houses Vastly Different From the Old Time Junkshops.

"One of the curious aspects of modern business conditions," said a philosopher business man, "is the growth of what we call the secondhand business. There are more secondhand houses now than ever before, and I attribute it to the changes in style which are constantly taking place in all things which enter into the social life. When one speaks of a secondhand store, there are many persons who will think simply of secondhand furniture, and secondhand wardrobes, beds and things of that sort. But the business has become so extensive that one may find almost anything in either the old or the ornamental line in these places.

"I am not speaking of the curio shops either, where you can find anything from an antiquated penny to the rarest and most elaborate thing in an artistic way, old pictures and new ones, old books, old anything you may want. I have in mind the regular secondhand houses which do a complete and up to date secondhand business. Go into one of these places and see for yourself the change which has been wrought in the business.

"Time was when one of these old furniture hospitals or salerooms was a place for chairs with broken arms and tables with broken legs and beds with scarred frames and old clocks with broken faces and missing hands. But the conditions are different now. You see, people want to keep up with the procession. Styles are always changing. A new kind of furniture comes in. The furniture on hand is good as new, but one must have the new thing, this new, magnificent kind of sideboard or this new colored bedroom suit or this new thing in something else. The old stuff is sold and the new kind bought.

"This is one reason, and the main reason, for the growth of the secondhand business. Of course the change has not affected merely furniture and household goods. It has applied to all the utilities and all the ornaments, and hence a vast variety of things may be found in the secondhand store.—New Orleans Times-Democrat.

What this Boy's Mother Says

has been said by the mothers of many other boys and girls, regarding the wonderful curative and strengthening qualities of

Dr. Miles' Nervine

HARTING, N.B.

"Our little boy, Harry, had spasms for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms a week. Our attention was directed to Dr. Miles' Nervine and we began its use. When he had taken the fourth bottle the spasms disappeared and he has not had one since. His health now is perfect."

RUNNING CHANCES

CHANCES

is the man who buys the cheap and poorly made clothing simply because it is cheap. There are just as good bargains to be had in good grades of goods, such for instance as our \$30 suits.

Running Chances is the man who rushes from this "alteration sale" to that "closing out bargain." The safe way is to patronize the firm that does things on the same principles you do. You know what you have to deal with. You get honest goods for honest prices, and don't have twenty-five cents to throw away seventy-five cents there.

Chances are Not Running away from you, but you are running away from the chances for the best bargains of the year in suits, when you fail to look at our suitings.
