THE ELECTIONS. The sweeping Republican victory of last week exceeded the expectations of the most sanquine Republicans.

The Democracy is now reduced to the solid south minus Maryland and Delaware and plus Nevada, which was carried on a fusion ticket. The result is, of course, to give the Republican party great confidence for the future, and it only necessary to deserve that confidence to retain it. We believe that the party will be invigorated with this vicnd will pass legislation that is needed by the country.

There are still a few doubtful districts in Congress, but the Republican majority will be ample, probably about thirty. ... This is considerably less than the nt majority, but is quite sufficient. The Senate will probably stand very much as at present. The Republican lose Senators in Maryland, Kentucky and North Carolina, but they gain in Utah and Kansas and possibly in Colorado, where there is likely to be a good deal of trouble in organizing the Legis-lature. Delaware stands as before, with a deadlock in prospect, so that the Sen-

ate will still be strongly Republican. Congress has some important work laid out for it, and it is to be hoped it will not be thought good politics to let important measures go over until the next Congress meets, more than a year

from this time.
In this county the entire Republican
ticket is elected by gratifying majori-
ties!V A

Work on the new railroad is in progress and in consequence the dago i much in evidence.

Schoenfields 4th sand rig on the Plum tarr farm was burned on Saturday ight. Everything in connection with the rig was consumed. Thompson Bell underwent an opera-tion for appendicitis on Saturday and is on a fair way to recovery.

Revival services of special interest are held nightly at Greece City led by Rev. Small of Karns City. Rev. Crouch of West Sunbury will assist the pastor this week. A sermon of unusual interest was preached at this place on Sunday night by an octogenarian, Rev. James Young, of North Hope The Lutherans expect to occupy their new church at Zion in the near future. The building when finished will be one of the neatest church edifices in the township.

The vote in Concord at the recent election was the heaviest vote polled here in many years James Galbreath had 108 of a majority over McQuistion. This is the largest majority the twp. has given any candidate since the Garfield election.

This is the largest majority the two-has given any candidate since the Garfield election.

Mrs. Mary. V. Clark wife of H. J. Clark of Hooker died on Sabbath morning. Mrs. Clark was stricken with typhoid fever during her motherly ministrations at the bedside of an afflicted daughter. The hand of affliction has lain heavily on this family during the past summer and autumn and hers was the third funeral under the same roof in four months. Mrs. Clark was the second daughter of Chas. Cochran Esq., lately deceased and a sister of Mrs. J. M. Wick of Butler. She was the mother of four children three of whom now survive. In early life she unjted with the Presbyterian church at Concord. The funeral took place on Tuesday. The surviving members of the family have the heartfelt sympathy-of all. Mrs. Clark was 49 years of age.

The Bind Trio played to a large was larged to a large audience here last Friday night.

Is Often a Cause of Bad Health.

GOOD LIVING

Judge. Sheriff. Proth'y R. & R. Co. Treas. County Comm

That bad health and good living often go together as cause and effect is a proposition which will be accepted at once by any practising physician. Common sense living would demand that we ate only when hungry and that food should be chosen first for its nutritive value and then for its palatableness. So-called "good living" reverses these rules. Meals are taken at stated hours without reference to hunger or physical requirements. If appetite is lacking, stimulating cordials or liquors are often used to induce a false appetite. Food is not

chosen with regard to its nutritive value but for its pleasure to the palate. As a natural result the stomach is over-loaded with a quantity of innutritious material and the body is deprived of its due nour-ishment. Presently disease of the stomach and digestive and nutritive systems begins, frequently involving heart, liver, kidneys and other organs. are often involved with it in disease because of its failure to supply the nutrition on which the strength of each organ depends. "Golden Medical Discovery" cures these diseases of heart, liver, lungs, kidneys and other organs, by curing the cause of disease in the stomach and its allied organs of digestion and nutrition. "I have received more benefit from your medicine than anything I have taken," writes Mrs. N. Bernier, of 46 Elm Street, Oshkosh, Wis. "I had liver complaint for the last fifteen years, complicated with dyspepsia and gall stones. I have doctored with seven of our prominent doctors and not one or all of them have done me the good, nor began to do what your medicines have. I have used three bottles of Dr. Pierce's Golden Medical Discovery, one vial of his 'Pleasant's

THE PROSPERITY OF AMERICA

gives every man the opportunity for good living, and almost every man takes advantage of the opportunity. The aver-age laborer in the United States lives as only very prosperous people can live in Europe. He lives too well. It is a sing-ular thing to say but it is nevertheless a fact that one of the greatest evidences of

fact that one of the greatest evidences of national prosperity is found in the great army of dyspeptics which is being newly recruited every day in the year by good livers. The great trouble is that when a man wakes up to the fact that his stomach can't be abused with impunity, the damage is already done. He has joined the army of dyspeptics, the people with weak" stomachs. He can't eat much now without it hurts him. His stomach seems unduly distended after eating. There are bitter risings and belchings, a censtant feeling of discomfort and weight in the region of the stomach. Probably, too, the liver becomes sluggish, and there is a feeling of lassitude with headache.

These are only a few of the signs and These are only a few of the signs and symptoms of a diseased stomach involving the other organs of digestion and

nutrition.

Disease won't cure itself, so that it's folly to neglect treatment thinking "it will be all right again after a time."

Disease never stands still, so that every day's delay in using the right treatment means a worse condition.

"I was a great sufferer from dyspepsia for over two years and I was a complete."

"A was a great sinter from dyspesia for over two years, and I was a complete physical wreck," writes Mr. Preston E. Fenstermacher, of Egypt, Lehigh Co., Pa. "Had many torturing, gnawing and aching pains,—I think about all that a dyspeptic has or ever could have. I also
