the employes. The announcement by the Pennsylvania and Joseph G. Cannon the Pennsylvania railroad of a 10 per cent advance to all its employes drawing less than \$2,400 yearly salary is in every way a grateful surprise and its happy aspects are thrown into the stronger relief by its contrast with the dispute between the authracite railroads and their men. President Roosevelt admits New York as his home. For the Empire state to have the presidency and the speaker-

ship would be an unreasonable propoistion. Littlefield's candidacy has not aroused any enthusiasm and he is put down as an "also ran."

Some of the aspects in which that prosperity is deserved is in this ready recognition of the corporation that one of the first uses of this heyday of activity is to give its employes a share of it. Grant that there may be calculation in this; but the calculation which conciliates wage carners by increasing their pay before the increase is asked is of the most praiseworthy variety. There are lenty of contrasts to this course in former industrial history, but one of the most hopeful signs of the present any is that these voluntary increases have taken place of late, years in more cases than ever known before—Dispatch.

There is no similar offer of free consultation by letter or free medical advice, having behind it an institution such as the Invalids' Hotel and Surgical Institute, Buffalo, N. The free consultation by letter, offered by Dr. Pierce, puts it into every sick woman's power to have the opinion of a specialist on her condition—a specialist whose great success in the treatment and cure of womanly diseases, is in itself an encouragement to every sick woman. Of the hundreds of thousands of women treated by Dr. Pierce, ninety-eight per cent. have been permanently cured.

"Favorite Prescription" contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

The discords would dominate the harmony and the harmony itself merge into discords. That is the way it is with all the music of love when a woman is wrenched and racked by pain. It seems to become part of the very discord of her life.
