FARMERS !! Buckwheat versus Corn.

We will Enchange 600 lbs. of Prime Yellow Shelled Corn for 500 lbs. good, dry Buckwheat. No restriction, except write or see us, before you bring your Buckwheat, so that we have ample stocks of corn. The railroads are very slow hauling freight

these days.

As there are nearly 12 lbs of hulls on a bushel of Buckwheat, this enchange means 600 lbs. of solid Corn for about 375 lbs. of pure Buckwheat, after the hulls are removed. Is this a good exchange, with corn retailing at nearly 80c per bushel? Figure it out.
