—Butler is proud of her schools and her scholars—and each succeeding year increases her admiration thereof. The Commencement exercises of the graduating class of the High School, Tuesday night, were very creditable—the essays were excellent, and the music was good; the class made some fun for the audience, and their perfect deportment was noted by all. The graduating class was composed of eight young men and sixteen girls, or 24 in all, which with the twenty-two who graduated in January, made 46 for this year—the highest number yet graduated from High School in any one school year. The discrepancy in numbers, as to the boys, begins way back in the 6th and 7th grades, when the boys begin leaving school and going to work; and generally ends in High School on a 2 to 1 basis—two girls for one boy.

—Yesterday evening the 9th grade or Grammar Class, consisting of fifteen boys and thirty one girls, had their exercises. All who took part did well, and twenty-five of them will now enter High School. These 46 with the 69 who graduated in January make 116 in all graduated from the Common Schools of the town this year, which shows that our schools are keeping up with Greater Butler.

—All the P. M.'s are getting presents these days. Mr. Black of Butler got a raise of \$200 which makes his salary \$2,000 a year, and Mr. Baker of Zelienople is advanced \$100, or to \$1,700 a year.

—The explosion of a lamp caused a small fire and lots of excitement among the guests at the Park Hotel Saturday night. The fire department was called out but the blaze was disposed of with chemical extinguishers.

—Yesterday two horse thieves tried to sell a horse worth \$175 to Livermore A. J. Dillmore of Mars, for \$80. Dillmore had them put in the stable at the Schultz captured both men and took them to Pittsburgh.

—The annual memorial sermon to the G. A. R. was preached by Rev. Comrade S. P. Long, Sunday evening in Bethany Reform Church. Beside A. G. Reed, Post, Co. L. Sixteenth, National Guard in uniform and Spanish War Veterans attended the services.

—Dick Westerman's "Harry Wilkes" defeated C. H. Johnston's "Paul Gladstone" for \$400 a side and the championship of the state at the old Millerstown fair-ground track Tuesday. Wilkes was formerly owned by Loyal McFranklin and Gladstone by Herman Leibold, Jr. and are familiar to Butler horsemen.

—The late rains were worth many a thousand dollars to the farmers of this county. All their seeds were in and things ought now to boom. More acreage was planted in this county this year than ever before. We are told of one farmer near Prospect, who planted 45 bushels of seed potatoes. The reason for it is the advance in the prices of produce caused by the increase in the population of Butler.

—During an electrical storm that passed over North Washington, Tuesday night, the Lutheran Parsonage was struck by lightning and destroyed by fire with all its contents. Rev. Dickey and family were not at home at the time, but they lost their furniture. The house was a well built frame and we understand there was no insurance.

Teachers for next term will be elected on June 9, all applications to be in by June 4. There will be at least 15 new teachers needed.

—We finish our "final titles" article—the part we copy from Albach's Western Annals—this week, and we would like to have some of our older attorneys and surveyors follow it with some reminiscences in that line. Of course nobody now living remembers the circumstances of the contention on the hill west of Butler, during which one man was shot, but there are those yet living who heard the story and can repeat it; a short sketch of the Ch. w. district, and the dispute between those who held under the Chewes and the Purviance heirs, would, also, be of interest.

—The base-ball season in this city was opened before a crowd of nearly one thousand people with what proved to be one of the best games ever played in Butler. The home club defeated the Zelienople Reds 6 to 5, catcher Graham winning the game after two out in the ninth and two strikes and three balls called, by a line drive to centre, scoring the winning run. The game was a splendid game for Butler and with clean sports would have shut Zelienople out, all their runs being made after chances to retire the side had been missed.

—Letter to Kirk Jones.

Dear Sir: Here is an interesting story about paint. We give you the name of the story-teller; write him and find out all about it.

Mr. John Hanna, grocer, of Girard, Penn., painted his house with Devco Paint. It cost him \$100. He thought it expensive, but he bought it. After finishing the job, he brought back nearly half the paint and said it was the cheapest job of painting he ever did.

Writes to Mr. Devco Young and Mr. E. H. Hiler of the same place. Also to Mr. H. H. Stephenson, Cashier of Oil City (Pa.) Savings Bank.

It is the cheapest paint in the world because it is all painted on covers most surface to the gallon, and it wears long.

There is going to be a lot of this paint used in Butler. When it gets a foothold, it never lets up; and the painter who uses Devco Lead and Zinc is going to save money for his patrons.

Yours truly, F. W. DEVCO & CO., 13 P. S. Patterson Bros. sell our paint.
