To the veterans of the Civil War, to the soldiers of other wars, and to all who took part in the Decoration Day parade in New York; last Saturday, as well as to the general public, the chief feature of the day's celebration was the honor done to the memory of General William Tecumseh Sherman, one of the War Department. Before a bridge can be thrown across a navigable river, estuary or strait, before certain piers can be run out into a harbor beyond certain bulkhead lines that have been laid run out into a harbor beyond certain bulkhead lines that have been laid down, it is necessary to obtain the permission of the War Department. In safezuarding the interests of river safeguarding the interests of river traffic, so far as it is affected by the erection of bridges, it has been the object of the War Department to see that no supporting piers are built in midstream that will materially interfere with navigation, and that bridges are either built at an elevation which will allow shipping to pass without hindrance beneath them, or that they are provided with drawbridges of sufficient span to allow shipping to pass through without danger of collision. So also saith regard to harbor piers and bulkheads, the War Department has everied a jealons care that certain lines which they have drawn as marking the limits of the harbors are not encroached upon by docks and landing piers. Had it not been for the professional fidelity with which our military officers have performed their respective duties, incalculable injury would have been wrought to the shipping interests of this country, both inland, river and deeps sea, by the obstruction of waterways and by destructive encroachments upon the deep-water area of our ingress of the company basis of the company basis provided with drawbridges of sufficient span to allow shipping to pass through with a capital amounting to \$75,000,000, and the tomplant the company has not missed as the company has not missed to the company has not m safeguarding the interests of river traffic, so far as it is affected by the A Remarkable Dividend Record.

To refuse a certificate or a diploma to any applicant for same is no pleasant task I am sure; but in justice to the cause which I am sworn to defend, and on behalf of the boys and girls of our schools, and for the good of our future citizenship, this unpleasant duty must be done. As time moves onward civilization demands harder tests, more sacrifice and better work from all people—the teacher not excepted, and because his sartorial creation. The veracious chronicler avers that the Ambassador langhed and declared that the description sent by the correspondents was meant to apply to the costume worn by he teacher not excepted, and because

blaming it on the woman.-Pittsburg year, two hundred teachers were present. The attendance in our schools was very good during the first half of the year, but during the last half of the penhauer, "is in direct proportion to one's intellectual capacity. As a gener rm it was not so good. al rule man's sociability stands in in-At one time there were thirty-one

At one time there were thirty-one of our schools closed because of small pox. This should cause parents to have their children vaccinated.

Poor attendance is possibly the greatest barrier we have in our schools today. I wish I could here make such an appeal to our parents that during our parent term of school no puoil would be verse ratio to his intellectual value. People who have no mental resource feel bored when alone, and like to be in can laugh at all the little nothings that appear to our parents that during our next term of school no pupil would be kept out of school or allowed to remain out of school unless it is absolutely nec-essary that they should be out. I again called on every school in the PRESIDENT ROOSEVELT'S remarkable electionering trip, according to

The one great power in school work is the teacher; for "As the teacher is so is the school." We want good, intelligent, earnest devoted teachers for our boys and girls. To secure and retain this kind of teachers it requires hearty co-operation and substantial support on the part of school officers and patrons.

A young man or woman who is well fitted to teach school is also well fitted to engage in many other kinds of work by which they can earn much better wages than our teachers receive. For this one reason many of our very best bers of the Legislature were slated by the Governor for State positions, Repre entative Selby of Philadelphia for deputy factory inspector and Representative Ripp of the same city as agent fo the Dairy and Food Department, the Philadelphia Ledger directed the attention of Governor Pennypacker to the onstitutional inhibition that "no Senawages than our teachers received this one reason many of our very it teachers are now leaving this no work, not because they like to do but just because they are compelled do so. #### NERVOUS HEADACHE BREEDS INSANITY

Many a person's whole pleasure in life Many a person's whole pleasure in the is ruined by the fear of nervous head-aches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb. and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's and enables them to again enjoy life's

# a Bad Ending."

That saying seems to have been born of the superstition deep rooted in humanity. It is akin to that other saying "He laughs best who laughs last." Perhaps in these and similar sayings there is a survival of the old pagan belief that a display of happiness was likely to incur the envy of the gods and to draw down the visitation of the malice which is twin to envy.

to sacrifice herself for her family. She goes without the new dress that husband or child may have som; coveted pleasure. And for economy's sake she often bears the ills which are undermining her health. It is a false economy. The health of the wife and mother is the most important factor in the home life, and every suffering woman who has been cured by "Favorite Prescription" is a witness to the real economy of this means of cure.

"My health is the best now that it has been for four years," writes Mrs. Phebe Morris, of Ira, Cayuga Co., N.Y., Box 52.
"I have taken but two bottles of your medicine, 'Favorite Prescription' and 'Golden Medical Discovery.' These medicines have done me more good than all that I have ever taken before. I couldn't do my work only about half the time, and now I can work all the time for a family of four. Before I took your medicines I was sick in bed nearly half the time. My advice to all who are troubled with female weakness is to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'—the most wonderful medicines in the world."

Sick women are invited to consult Dr. Pierce by letter, free. All letters are held in sacred confidence and womanly confidences are guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y. privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Some medical works content themselves by classifying advice under the head of "Do" or "Don't." Dr. Pierce's Common Sense Medical Adviser gives the reason why, for all it enjoins. It is a plain guide to health written in plain English and dealing with the great problems of physiology and hygiene from the view point of common sense. This great work containing 1008 large pages is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the work in cloth biading or only 21 stamps for the book in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. V.

# Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of sick and suffering women. If the dealer offers you a "just as good" medicine in place of "Favorite Prescription" it is because less meritorious medicines pay him a little more profit. His profit is your loss. cured by the use of Dr. Pierce's Favorite Prescription.

It is worth noting that these cures are lasting. Many medicines offered for women's use are mere palliatives. They numb the nerves and so dull the pain. But they do not re-establish the lost womanly health. "Favorite Prescription" is a purely vegetable preparation. It contains no alcohol, neither opium, cocaine or any other narcotic. It cannot disagree with the weakest constitution. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness.

It would be a ridiculous proposition to affirm that bad is the necessary outcome

promises only happiness ends in disappointment and misery.

This is very true of marriage. The young wife goes heart and soul into home making and housekeeping. She loves to cook and prepare the dainties her husband enjoys. She is so robust and hearty that she can hardly find enough to do to exhaust her abundant energy. That's the way it begins. After a while she finds that it takes all her strength to care for her home. Then
