

THE BUTLER CITIZEN.

THURSDAY, SEPTEMBER 10, 1933.

W. E. Ralston intends moving to California. Dr. J. C. Caldwell of Bakerstown was in town yesterday. Joe. Walley of Parker was in Butler on legal business Monday.

W. J. Pease of Middlesex did some shopping in Butler Monday. Louis Levinson, the Clothier, has returned from his eastern trip. Dr. McAdoo and family have returned from a trip to the Falls.

Herb Harper was taken seriously ill last Friday, but is about again. Mrs. Bole and Miss Kelly have returned from Cambridge Springs. Col. Haworth of Jamestown, N. Y., visited friends in Butler, this week.

Chas. Res of Connoquessing did some shopping in Butler, Thursday. Peter Bowers and Floyd Bollinger of Greece City were in Butler Monday. Dr. Julia Foster and family have returned from their summer vacation.

Warren Greenlee has returned from the Flamingo maintaining district. Mrs. Sarah Anderson and daughter Lella of Wick were in Butler Friday. Mrs. William Kerr of Marion twp., a sister of Jos. Vanderlin, is seriously ill.

W. A. Sloan, Esq., of Mars, attended to some legal business in Butler Monday. The Orlin's Fair is now on at Alameda Park with free entertainments and a Midway.

The last yacht race was run in a dense fog last Thursday, and again the Belleau won. Poor Lipton. Contractor Powell has completed a two-story business block with three storefronts, on West Wayne St.

A man named Kwathley from Fayette county is said to be open to a coal shaft on the Simon Painter farm at Enclid Station. For the month ending Sept. 4th 341 cases of typhoid were reported to the Pittsburgh Board of Health. That town needs a filter.

By the burning of the Allegheny Transfer and Storage stables in Allegheny, Monday night, a large number of horses were roasted to death. Four people lay dead in Butler, Tuesday noon—Col. Thompson, Mrs. Parker (nee Seaton), Mrs. J. L. Jones, and a young man at the hospital.

The "poke hat," says Mike Hunt, president of the Western Milliners Convention, in Chicago, "represents a moral crisis." And yet it doesn't look it. As the "kame" season is but little over a month distant it will be well to remind hunters from other states and all aliens that they must secure a license.

Lawn tennis tournaments are now in Butler. A visit from Miss McAleer, the lady champion of the U. S. seems to have stirred up interest in the game. The Water Co. has sent out notices warning the public of a possible shortage in the supply of water, and cautioning against waste. Any leak at present is not right.

Even the Chinese have acquired the picnic habit. All the picnicals of this section have been invited to a great Chinese picnic to be held in Home-stand Park, next Monday, the 14th. The Standard Athletic Club defeated Fenner, Monday, at Renfrew. The game was clean and interesting and was won by the Standards by a batting rally in the 7th inning. The features were the fielding of Price and the batting of King and McLaughery. Score 9 to 7.

The bridge across the Allegheny river at East Brady was opened free to the public last Friday. The commissioners of Armstrong and Clarion counties met at East Brady and concluded the purchase from the bridge company. The price paid was \$37,000, of which amount each county paid half.

One hundred and sixty teachers attended the educational meeting in the Court room, last Friday, and all were engaged to teach the coming term, excepting one. Addresses were made by Professors Farmer, Gibson, Frill, Allen, Penfield, Hall and others, and a profitable, interesting and enjoyable meeting was had.

With the change of train schedule next Sunday, Sept. 13th, the B. & E. Co. will adopt Eastern Standard, or city time, instead of Central Standard, or city time in use. Address was made by material changes made in the running of trains, except that main line trains will discontinue running into Exposition Park on and after that date.

The crowd on Main street last Saturday evening was remarkable, and so was the business done by our storekeepers. The grocery stores and meat markets, bar rooms, etc. were crowded as a matter of course, but so also were the 5 and 10 cent stores. We dropped into Connell & Groat's during the evening and could not be waited upon.

A good way to use up the bits of soap that form from time to time in the bathroom is to get out a new cake to replace the old one breaks in two. Soften the surface of both cakes by rubbing, then press the dry cake against the new. Let them thicken together before using, and the old piece will adhere to the new and get used without waste.

The Rocky Ford cantaloupe is with us again. The little variety in Colorado which supplies the world with its choicest melons—a variety that cannot be successfully imitated at other altitudes and in other soils—is being raised here on between 15,000,000 and 20,000,000 melons this year, as the crop is estimated as the largest in the history of the Rocky Ford district.

We want all the industrial, business and CARED young men and women we can get, to come to our college and take a course in bookkeeping, stenography, both, and thus prepare for FUTURE PROSPERITY. A GOOD POSITION awaits EVERY one who PROVES HIMSELF TO BE WORTHY and COMPETENT. NOW and the FIRST of such successful students to complete their course. Send for our FINELY ILLUSTRATED catalogue for 1934.

Parades and Conventions.

The glass blowers, stone cutters, slaters, carpenters, tailors, barbers, painters, masons, plumbers, printers, steel workers, etc. made a long and with their bands, banners and floats a very picturesque and interesting parade Monday morning. The carpenters had over two hundred men in line, and the bricklayers and masons about a hundred.

The most stirring feature of the parade were the Campbell and Conter martial band; and the handsome crowd were the blonde beauties (barbers of course) in the carriage.

The delegates to the C. M. B. A. State Convention, now being held in Butler, formed on the Diamond, Tuesday morning, and paraded on Main St., led by their officers and the Germania band.

About three hundred men were in line and they made a fine appearance. The business meetings are being held in the Park Theatre. The full name of the association is the Catholic Mutual Benefit Association, and as it is an insurance order the assessment rates have been discussed with a banquet in Y. M. C. Hall, this evening.

CHURCH NOTES. The First Synod of the West United Presbyterian church, convened in this place Oct. 12 and 13. Two hundred attendants are expected. The M. E. church of Slipperyrock has paid off its debt.

The Centennial of the organization of the Scrubbers Presbyterian church began Tuesday night with a meeting of the Butler Presbytery. The handsome stone church was built in 1843. Three thousand members are expected to be present yesterday and today for the Centennial exercises; a feature of which will be a singing by the choir of the Central of Butler, whose father was Pastor of the church for 47 years.

J. Howard Bridge's Sensational History. Of the Origin and growth of the Carnegie Steel Industry. Will be published exclusively in the Pittsburgh Gazette, beginning Sunday September 13. The Pittsburgh Gazette has secured the exclusive rights for newspaper publication of James Howard Bridge's sensational History of the Carnegie Steel Industry. No book publisher in recent years has excited such widespread interest and curiosity. The revelations made by Mr. Bridge in this book are work of a startling character. Jealous guards secrets have been laid bare and an inside view is given of the methods by which the great Carnegie Company attained its gigantic proportions.

The disclosures combined in Mr. Bridge's work have been hinted at in the recently published reviews of the book and the public has been eager for an opportunity to read it. The entire edition has been limited, however, to 500 copies for private circulation only. Of these, 70 copies were sold for \$100 each and the remaining 430 copies at \$25 each. But for the enterprise of the Pittsburgh Gazette the public would never have had the opportunity to read this sensational and impartial narrative of the humble origin and impressive growth of the Carnegie empire. The first installment of this remarkable book will appear in the Sunday Gazette of September 10th and will be continued every Sunday thereafter until completed. As there will be an enormous demand for the Gazette from all parts of the country during the publication of Mr. Bridge's work in all languages, all orders should be sent in early to avoid risk of disappointment.

Trusses

The Right Kind To Buy. You can buy Trusses for almost nothing or you can pay a high price for them, but the price of a Truss does not prove that it is going to be the one you need. Every case has to be fitted individually. That is where we have had our great success in Trusses. No one goes out of our store with a Truss that does not fit perfectly. Therefore a great many people are wearing our Trusses and sending their friends to us to be fitted. If you are wearing a Truss and it does not feel right, or stay in the right place come in and see us about it, no matter if you did not buy it from us. We will tell you whether it is the right Truss to wear. We will give you the benefit of our twenty five years experience. Private appointments for ladies.
