Ther day, to decide with the State Chairman the protective deck at the water lin (Penrose) upon a method of nominating came in vogue, the old Monitor turred a congressman in that district (the 24th). ern battleship.

Representative Acheson and the conference adopted the recommendation of the popular vote plan, giving all candidates the right to announce in each county in the district in accordance with Republican rules. It was also suggested that the primaries for the nominations for congress shall be held on the third Saturday in May and, except in years in which it is necessary, to elect state or national delegates, in which case the primaries are to be held at such time as the congressional committee of the respective counties shall determine; said congressional committee to be composed of the Republican county chairmen of the three counties comprising the district.

This was all embodied in a resolution, together with a plan for casting and computing the vote. The conference adopted the recommendations of the state chairman. By this decision the popular vote plan will rule so long as the district is comprised as it is at present. The congressional committee later decided upon March 19, 1904, as the date for holding the next primaries.

Representative Acheson and his friends, who had contended for the popular vote plan, were well pleased at the decision of Chairman Penrose and that the matter has been settled definitely and without any apparent ill feeling.

The Department looks to the patrons of the Rural Free Delivery service, who are receiving the benefits of the service, to use their utmost personal endeavors, and also to exert their influence, with the road supervisors, or with those officials who are responsible for the condition of the highways, to the end that the roads traveled by rural carriers may be always kept open and in such passable shape that the service can be regularly and punctually performed. Everybody knows that the carriers ave a hard time in the winter, but few now how to make it easier for them know now to make it easier for them. So, having had some experience at the work, I will try to tell you how do it.

may be gaged by her womanly health.
"Pemale Weakness" is not a scientific

ceration and cures lemale weakness. It makes weak women strong and siek women well.

There is no other put-up medicine for woman's peculiar ills, purchasable from dealers which has so remarkable a record of cures as Dr. Pierce's Favorite Prescription. When physicians have said no cure was possible; when all other means and medicines have utterly failed to benefit "Favorite Prescription" has been tried and its use has resulted in a perfect and permanent cure.

"Your letter just received," writes Miss Rose Kilfether, of 43 West Sharpnack St., Germantown, Philadelphia, Pa. "Words fail to express how thankful I am to you for your advice. I must confess that for the length of time I have been using your medicine I have found it to be the most wonderful and best remedy for female troubles that I ever have tried, and from now on I shall use no other. Sorry I did not know of your 'Favorite Prescription' years ago, but will gladly tell my friends who are suffering, of your wonderful medicine. I cannot speak too highly of it."

bear anything to touch me. My feet would keep cold and I could hardly do my work. I would work awhile and then lie down awhile; was completely run-down. Suffered from disagreeable discharge and also severe pains at times. After using five bottles of Dr. Pierce's Favorite Prescription, three of his 'Golden Medical Discovery' and one vial of Dr. Pierce's Pleasant Pellets, and following the advice you gave regarding the 'Lotion Tablets,' I can truly say that I am cured."

Sick and ailing women are invited to consult Doctor Pierce, by letter, free. All communications held as sacredly confidential and womanly confidences guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y. A great many women have gratefully

Address Dr. R. V. Pierce, Buffalo, N. Y.
A great many women have gratefully accepted the opportunity of a free consultation by letter with Dr. Pierce, as a welcome escape from the indelicate questionings, the offensive examinations and obnoxious local treatments, thought necessary by some physicians. The modest woman shrinking from these things often lets her disease grow and eat into her life rather than submit to a treatment which offends her delicacy. A letter to Dr. Pierce avoids all these offensive practices.

If you are persuaded that Dr. Pierce's Favorite Prescription has cured others, do not allow yourself to be robbed of a cure by accepting some substitute medicine pressed on you by the dealer because it pays him a little more profit.

HOW TO INVEST 21 CENTS. Buy 21 one-cent stamps to pay mailing expense only on a copy of Doctor Pierce's Common Sense Medical Adviser. This great work, containing 1008 large pages, with 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper-covers, or 31 stamps if the book is desired in durable cloth-binding. Address Dr. R. V. Pierce, Buffale, N. Y.

what women say
about the merits of Dr. Pierce's Favorite Prescription is the best testimonial
to its wonderful curative power. There
is no claim made for "Favorite Prescription" which is not backed by cures.
Every statement made as to what this
medicize will do is supported by the
living evidence of what it has done. It
has made weak women strong and siek
women well. It has brought back the
roses to faded checks and the plumpness
to shrunken forms. It has given laughter for tears, and joy in life for utter
misery. What "Favorite Prescription" misery. What "Payorite Prescription" has done it is doing every day.

"A few years ago I suffered severely with female weakness, and had at times dreadful pains," writes Mrs. Mary V. Brown, of Creswell, Harford Co., Md. "I went to my doctor, and he gave me medicine which did me good for a while, but I would get worse again. I had a

may be gaged by her womanly health, "Female Weakness" is not a scientific term, but it is a popular term, expressing the result rather than the condition of womanly disease. Weakness must inevitably follow disease of the delicate womanly organs. Irregularity is often the beginning of more serious ailments. Drains that are at first considered chiefly as disagreeable, will in the end drain away the vigor and vitality of women. The prompt use of Dr. Pierce's Favorite Prescription would save many a woman from years of weakness and suffering. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and siek women well.
