—Trains on the P. R. R. now leave Butler at 8:25, 7:35 and 10:00, a. m., and 2:35 and 4:35, p. m. The times of all the trains leaving Allegheny for Butler have been changed, and a new train put on, leaving the city at 8:50, p. m., and arriving at Butler at 11:00, p. m.—week days. The Sunday trains remain as they were. See time table.

—The West Penn street paving ordinance hits some people pretty hard. Al Boesing is hit for \$1,163. Teresa Holt for \$908. Jennie E. Miller for \$543. R. E. Maxwell for \$424. Margaret Dolan for \$305. Z. P. Lanier for \$305. Chas. H. H. H. for \$318. George Harvey for \$270. W. H. Young and Etta Nutt for \$271. A. E. Meyers for \$254, etc.

—A prospector in a neighboring town as prelude to a recent remark that he desired all the ladies who were wearing \$10 hats to take them off, so as not to obstruct the vision of those in the rear, but supplemented his request with the remark that those who were in possession of only \$1 hats could keep them on. It is needless to state that every hat came off.

—A stock company composed of local men is building and equipping a new theatre in Lyndora which will cost about \$20,000, and will seat about 600 people. It is located directly opposite the Hotel Lyndora. C. H. Gies has completed a large building on Bessemer avenue which is occupied by two stores on the first floor and the United Presbyterian mission on the second.

—People will tell funny stories, no matter how sorry they be. They say that a man started for Butler, the other day, got to the top of the hill and a flock of birds was soaring over the town, and turned back and went home. And when he got there he told his family that you couldn't get him into Butler—he saw the "tufrod germs" floating over the town.

—After battering in the front door with a force rail at the house of Henry Davis, an aged and wealthy farmer of Brimstone Corners, near Farmington, early last Thursday morning, four masked men ran through the house with flaming torches, crying fire. Davis is reputed to keep considerable money concealed about the house, and in their effort to get the money the robbers turned the aged farmer by burning his feet in the presence of his family. When the robbery became known the entire country side was aroused and the farmers and a detective began a search for the robbers. Four men believed to be the fugitives were seen by a Bessemer railroad section hand on the Cheswick bridge. The men are reported to be white, and it is believed they were making their way to Butler.

Butler's Scourge.

The epidemic of typhoid that is this town is now enduring with no down turn in the medical history of the state and nation as one of the most remarkable that has, as yet, occurred in the country; and the source of the contagion, or reason for the epidemic, should be ascertained as definitely as possible, so as to be a part of that history, and a warning to future persons making public sales of such notes.

The sixth set of programs this season by the Pittsburg Orchestra, Victor Herbert, Conductor, will be given Friday evening, at the Lyndora auditorium, December 11th and 12th. Because of the near anniversary of the birthday of Hector Berlioz, Mr. Herbert will conduct the instrumental numbers for this program entirely from the works of that great French composer.

Edw. J. Taylor, soloist in these concerts. She is a young singer from New York, who makes her first appearance in Pittsburgh.

Grand Opera House, Pittsburgh.

NEXT WEEK—MRS. JACK.

Pittsburg theatre-goers are indebted to the Stock Company for their first glimpse of a number of New York successes, thanks to Manager Davis's enterprise. When a good play makes its hit in the metropolitan theatres, it is there for an entire season, and very often it is a year later before Pittsburgh has an opportunity to see it. This point is "Mrs. Jack," a comedy which scored a palpable hit at Wallace's Theatre last season.
