Dear Sir: Mr Frank Robinson, Titus-ville, Pa., bought Devoe with a good deal of feeling against the whole tribe of mixed paints. Our agents there, Messrs Kernochan & Co, got him to do it. He says:

What a pity we have to all go through the same school, to find out what paint to put on a house! Experience teaches. Isn't there any easier way to learn?

The affliction known as chronic Catarrh (Rhinitis) of the nose has been one of the most difficult problems in Medicine, first, because nearly every other person is afflicted with this trouble and second, because only few physicians possess the necessary skill, patience and experience to successfully treat this malady which so frequently is the forerunner of bronchial and lung-diseases. The physician who wishes tocure catarrh must be able to treat not only the seat of the affliction but also the cause which lies invariably in the general condition
