Official Corruption a Cause of Russian Weakness.

One reason why the Russians were not better prepared to hold up their end in the conflict with the Japanese which their arrogance, their rapacity and their mendacity invited is to be found in the corruption which prevails in every executive department of their government.

Perhaps the most audacious and unscrupulous thing of the kind which has been reported was the looting of the hospital train which was completely equipped by the Czarina, the Queen of Denmark, the Queen of England and other nobilities.

On Thursday General Bell ordered the closing of the Portland mine which employs none but union men.

On Friday the Citizens Alliance held a meeting at the residence of Judge Frost who was in Denver at the time said he had not been asked to resign, and that he had no intention of resigning.

When the Japs flanked the Russians at Wiju, and the latter retreated, the Japs cried "Banzai!" They did the same at Kinchin and Nan Shan.

ONE important result of the war now on between the steamship lines is that we are having a tremendous influx of undesirable immigrants.

The news from the Liao Tung peninsula, yesterday, was that a battle was on between the armies facing each other near Liao Yang, and that the Japs were trying to turn the left flank of the Russians.

The capture of two American citizens by a Moroccan brigand, and his absurd demands in consideration of their release, caused the administration to send a fleet of war vessels to the port of Tangier.

The Senatorship.

On Thursday last Senator Peorose, Insurance Commissioner Durham, Gov. Penneyacker and the others who had been conferring with each other upon U. S. Attorney General P. C. Knox of Pittsburgh for United States Senator.

At the same time the Governor presented to the public an apology or excuse for the Governor's appointment of him to fill the vacancy caused by the death of M. S. Quay, whose term as U. S. Senator for this State would have expired on the 4th of March next.

Whatever may have been the motives of the state and city politicians in bringing about this appointment, they must be credited with the fact; and they have, no doubt, thereby advanced their own standing in the State.

Holocaust on the Water.

Last winter started off with a terrible holocaust in a theatre, and this summer with a holocaust on the water.

The steamer was an immense, three-decked affair, capable of carrying several thousand.

The fire was caused by the upsetting of a pot of grease in the kitchen. One of the morning papers quotes the loss of life as 100, with some bodies yet unrecovered in the burned hulk.

Another Murder at East Brady. Michael Kissinger, 65 years old, a rich coal mine operator living near East Brady station, on the Allegheny Valley Railroad, was committed to the Clarion county jail last Thursday, charged with the murder of his wife, Lavinia, aged 60 years.

The dead woman was Kissinger's third wife, and she also had been married twice before her marriage to Kissinger. They had not been living together for some time.

On Thursday General Bell ordered the closing of the Portland mine which employs none but union men.

On Friday the Citizens Alliance held a meeting at the residence of Judge Frost who was in Denver at the time said he had not been asked to resign, and that he had no intention of resigning.
