Butler, Pa. Dear Sir: You are a teacher: here' one for your boys. If the painting costs two or three times as much as the paint, and one paint goes twice as far as another, how much are those two paints worth? The answer is: Depends on the paint. The reason is: paint isn't always paint. There are true and false paint and there are short and long measures. How much is a short-measure gallon worth? How much is a
