W. H. Ritter, Jr. returned, Monday, from Portland, Ore., where he spent several weeks. The Pacific coast city is filled with people looking for chances to make a good thing out of the coming exposition.

J. L. Burton of "Middlesex" visited friends in Butler last Thursday. J. L. is a good natured little man and an old subscriber to the CITIZEN. He is making an appeal to the voters of his county for the Democratic nomination for Sheriff June 8th.
Andrew Carnegie and family left for Scotland, last Wednesday, and before starting announced a gift of ten millions as a fund to provide "retiring pensions" for the teachers of universities, colleges and technical schools in the United States, Canada and Newfoundland.

Geo. W. Varnum and wife, nee Gruber, celebrated their silver wedding anniversary, last Thursday, at their home in Cherry twp., three hundred guests being present. Addresses were made by Rev. J. H. Eason of West Seneca, Rev. Pittenger of Unionville, Hon. J. D. McKinnin of Butler and ex-Sheriff Harvey Thompson.
Ex-Congressman Showalter seems to stand first class chance of becoming a multi-millionaire. His oil holdings in Indian Territory and Oklahoma amount to 8,540,000 acres and he has been offered and refused a dollar an acre for his lease. He has already struck a dozen good wells and is building a new lease to store his oil. He has to give one-fourth royalty.

—Sheriff Gibson wishes his friends to remember that he has purchased the old May & Kennedy Livery, and is now the owner of the John Rickett building on Main street. See ad.
—A gang of masked men looted the village of Gibraltar, N. Y., early Tuesday morning, by cutting all the telegraph and telephone wires, then broke into the village bank, blew open the safe, robbed it of from five to ten thousand dollars, and made good their escape.

—Representatives of the Merchants and Manufacturers Association of Pittsburg are due to arrive in Butler tomorrow noon, and will remain here until 8 p.m. They left Pittsburg, Monday morning, on their special train, going up the Beaver valley; have toured the northwestern part of the state and will stop in Butler on their return trip tomorrow.
—The salary of the County Superintendent was increased to \$1,700 a year, that of Supt. Gibson of the Butler schools was raised \$500 to \$5,500 a year. In Indiana county the salary of the County Superintendent was fixed at \$3,000, Beaver county at \$1,500, Somerset county at \$3,000; Washington county at \$4,000; Blair county at \$1,500, and Cambria county at \$1,800.

—At its meeting of Tuesday evening the Butler Council fixed the tax rate for this year at 8 mills, and decided to issue \$30,000 worth of bonds—the fixed charges on the borough for running expenses now aggregate about \$48,000 per year. A. T. Black resigned the Solicitorship and E. Conner was elected in his stead. Harry Oriskany was re-elected Deputy Inspector, ordinances were adopted for the paving of parts of Franklin, East Penn, E. Pearl, Race and New Castle streets and Fourth Ave.
—The Connoisseurs' lodge of Odd Fellows awarded the contract for a four-story building on their lot at corner of Main and E. Cunningham Sts., last Friday. The main entrance is to be from Main and there will be a second story—instead of steps. The large store room will front on Main St. and the small ones on Cunningham. The cost will be about \$20,000, size 35-150; and the building is to be completed by March 15, 1906. The work of demolishing the old buildings was commenced Monday.

—The story we begin, this week, is one relating to the Puritanical persecutions in England, which were afterwards continued in this country. It seems remarkable that it is but a few centuries since people believed in astrology, demonology, divination and magic, though the spiritualism of the present day is a first cousin to them all. In England the common law and afterwards the statutes took notice of witchcraft, and several people were burnt to death for that alleged crime. The fanciful outbreak against witchcraft at Salem, Mass., took place in 1692-93, or 318 years ago, during which time nineteen persons were executed for alleged communication with the Devil.
—What a tiny little world is compared with the infinity of space it travels in. For instance, this planet will be directly between the planet Mars and the Sun, next Monday, and if you were on Mars and moon travel across the disk. The earth would appear as a small black dot 82 sec. in diameter—too small to be seen without a telescope—crossing the sun from east to west, a little south of the centre and taking about ten hours to traverse the disk. The moon would be a much smaller dot, 8 sec. across, appearing on the sun's disk some five hours after the earth and crossing it at the same rate, so that both earth and moon would be seen in front of the sun at once.

Wick, his adm'r. sought to collect the full amount of the mortgage, but Barnes claimed he had made payments to the amount of \$1400.
