## DR. A. W. Chase's

The world is full of women whose daily life is one long struggle against diseases peculiar to their sex—whose days and nights are full of quiet, patient suffering. The head the seat of pain and pressure—the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—an ever present dragging in the back, hips and limbs—a feeling of utter weariness—lassitude and despondency. To these people Dr. A. W. Chase, s Nerve Pills are of incomparable value, having as they do the power to rebuild, to reinvigorate and resupply every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, strength and vigor again.

complete return to heath, strength and vigor again.

Mrs. John Bailey of Jackson St., Penn Yan, N. Y., says:

"I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine, and as I needed one badly, I got a box. My nerves were very weak—I lacked ambition and strength and my heart action was very weak. I used the Pills as directed and they made my nerves quiet and steady—the heart action strong and regular and the appetite good, my sleep became restful and I fell altogether like another person. I think as a remedy in female complaints as well, they are grand, curing the headaches and heavy, dragging feeling rapidly and easily—this I know from experience, and I am glad to recommend them."

WAR NOTES.

All the world—the diplomatic world—is wondering at President Roosevelt's success in bringing about the necessary preliminaries to peace or a truce between Russia and Japan. Both countries have agreed to appoint peace plenipotentiaries and name a time and place for their meeting.

Russia is already beaten. badly beaten, in war; and the destruction of Linevitch's army—her last hope—will make her borders liable to Japanese aggression, both by land and sea. If she had an honest government there would be no trouble about concluding a peace, but the Japs will probably be very wary in dealing with a government. It was only the speak tor our newly elected sup-integration of them. I feel safe in here reporting the school sentiment in this county as overy good. Our three township high schools did good work. These schools add good work. These schools are growing for favor in cure curty and the work of organizing three new ones has already been nearly completed.
