BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—
bad istomach, bad liver, bad kidneys—attended with bad, foul breath, coated
tongue, bad taste, bad headaches, bad
appetite and kindred symptoms. Bad as
these all are, and serious as are the discases to which they lead, Dr. Pierce's
Golden Medical Discovery comes to the
relief and cure of all, these by regulating
and invigorating STOMACH, LIVER,
BOWELS and KIDNEYS, and putting
all these organs in good order.

"Golden Medical Discovery" contains
no alcohol, opium or other harmful
drugs; neither does it contain sugar or
syrup, which are injurious to some stomachs. Without any of these it retains its
pleasant taste and marvelous healing
qualities in the most trying climate.
Don't let a selfish medicine seller cheat
you out of your health by giving you a
substitute. He's only looking out for a
larger profit, not for your good. Shun
him. Honest, unselfish dealers recommend the "Solden Medical Discovery."

"That your remedics are not for the few, Garden-Easily Checked by short intervals are better than a single application of a strength that is dan gerous to follage.

M. C. WAGNER ARTIST PHOTOGRAPHER PLANT LICE.

By Dr. JOHN B. SMITH, New Jers In the garden plant lice are ra easily kept in cheek by the use of to-bacco or soap mixture, but in all cases the applications should be made before the lice become abundant enough to do injury. Unless the insects are actually touched by the mixtures they will not be harmed. It is therefore important that they should not be allowed to applications of moderate strength at

aundry soaps may be used, and particularly those that contain a percent age of naphtha or kerosene. There are several soaps of this kind on the market, and they are almost as effective as the fish oil combinations. Greater care must be taken with ordinary aundry soaps than with either of the

the ground protected that the suds may not get into it. If the soap is emulsified with soda, as it usually is this will poison the roots of the plants if it gets to them. Outdoors no reasonable application is likely to influence the soil.

ole size cannot often be satisfactorily reated for plant lice because it is alnost impossible to reach all the in sects, but if they are of moderate size and the infestation is bad fish oil soap offers the best chance for good results.

# The First Pennsylvania Charter

Ever issued for the purpose of conducting a pickling and preserving business was issued to the Frank Vogel Company of 811-813-815 South Canal Street, Allegheny, to which the Pittsburgh Pickling and Preserving Company is successor.

The new corporation will enlarge the plant considerably, secure two more salting stations, in addition to four now in the company's possession, erect a mustard mill, install larger engines and boil-

ers. etc., etc. Almost half of the orders last year had to be turned down on account of incapacity-but consider -last year's business amount to \$93,000, with \$18,000 net profit, which equals 21% on the year's

ousiness and 50% on the issued treasury stock. The new company is capitalized at \$150,000 and a limited amount of this stock is open for public subscription at \$10 per share. . If our business would not increase one dollar over last year, we would be able to declare a 12% dividend on the entire new capital. This offer subject to withdrawal with-
