The Yellow Fever.

On Thursday last Gov. Blanchard of coulsians ordered his Naval Brigade ander arms to repel trespassers from Mississippi and complained to Sec'y shaw of the actions of the gun-boat 'Winona." Several new foci appeared in the yellow fever districts. Crude oil was spread over all the swamps to kill he mosquitoes. Knoxville, Tenn. and Mens, Ark. refused to quarantine gainst refugees and invited them to tome. The total cases in New Orleans up to yesterday was 679.

On Friday some citizens of New Orleans asked the Federal authorities to take charge of the city and it was said that the medical departments of the Army and Navy would do so.

Harmony and Zelienople.

A firce thunder storm in this section, aturday evening, left the ashes of tree barns in its track as follows: The frank Lutz barn south of Zelienople, ormerly the Rev C. Scheel farm; the lesse Nixon barn near Ogle built about a year ago, and the Martin Hume barn a Beaver county near the Butler county line. The lightning also struck the Caroline Ziegler house in Harmony, the lamage being slight. Mrs. Jacob Steele, a neighbor was shocked, also the agents in Harmony station. The electric storm was the most severe of the season, the rainfall very heavy and in the Little Creek valley, on the John Wooster farm, hail and wind flattened and shredded the corn.

The Sunday Schools are holding a union picnic in Zeigler's grove, today. The Boyer-Rice reunion will be held tear Harmony the latter part of the nonth.

Arrangements are being completed for the corner stone laying and annual outing at the Pythian Home, Monday. The new building is to cost \$25,000. The State Grand Officers will be here and excursions of 89 lodges from western Pennsylvania. The farm is beautifully located in the valley, and the first year's work on the farm has wonderfully transformed it.

The New Trolley.

On Saturday last the contract for building the new trolley-line from Butler to Etna, where it is to connect with the city roads, was awarded to the Ferguson Co. of Pittsburg, for a million dollars. The line will avoid the curves of the Connoquenessing and Pine Creek and be in all thirty-two miles long; and he contract calls for its completion by fanuary 1st, 1906.

George Stewart of Mars secured the contract for moving the buildings at Talencia from the right-of-way of the sew trolley-line; and went to work, Londay.

The Butler terminus of the line will be at the intersection of Main and Cunningham streets, and the line will run down Cunningham, cross the county bridge, pass through Sullivan Ave. (on the island) cross the railroad tracks by a long bridge or viaduct near the brickin, and run down the Connoquenessing and ny Thorn Creek a ways, nearly paralelling the "Bessie" R. R.; then it crosses Thorn creek by another long viaduct and cuts across the country to Mars, where the Power House will probably be built; then down through valencia, paralleling the B. & O. R. E. R. of or a ways, then across the country to the cid paralleling the and into Etna by way of Grant Ave., where it connects with the city railway system and will terminate at Liberty, Sixth and Market streets.
