lockup held seventeen prisoners and three men who had asked the police for sleeping quarters that night. Policeman Shaw came to Butler from Allegheny, in which place he was on the police force nine years. His original home is in Canada. He and his wife-and ten-year old daughter were board-ing on S. McKean St. Besides losing his nose the upper portion of one ear was bitten off. The physicians will try to graft cuticle taken from other people onto the end of the bitten nose. Yes-terday Shaw's leg was badly swelled. The bullet had not been removed, and the wound was inflamed. Amputation may be necessary. The name of the Italian who did the shooting and biting is Vincenzo Camilla. Over thirty stitches were placed in the wounds on his battered head. Charges of carrying concealed weapons have been made against Chas. Mc-Donaid, S. Wodock and Daniel Porter, three of the men arrested, and eleven others were given one hour in which to leave town by Justice Maxwell. A charge of carrying concealed weapons was also made against Stanley Stumick who was arrested by the rail-road police, Monday, with a loaded re-volver and eeventy cartridges on his person. The undersigned, the Butler Pure Milk Company, in conformity to an Act of Assembly, March 27, 1903, P. L. 75. and in order that it may be entitled to the provisions and protection of said act has caused to be filed in the office of the Prothonotary a description of the name used or mark to be branded or stamped upon its milk bottles, milk cans. butter boxes, ice cream cans and ice crean tabs.

Iand. Butler stands ready to deliver the goods.
Both men are closely allied with the corporations of the county and Robbins will get support Huff has had in the past. Robbins expects to conduct a lively campaign. His friends say he wil challenge Huff to a joint debate on the railroad rate question. Huff has never been much given to oratory."
The ball will start rolling this even ing at a grand mass-meeting to be addressed by all the county leaders.

A man lately returned from Panam says that things are going all right there. The entire canal belt (47 miles) has been made habitable; good quarters have been provided for the laborers, who are mostly Jamaca negroes; there are about 19,000 men on the pay-rolls; the 90-ton shovels are doing great work; nearly all the yellow-fever mos-quitos have been killed; the government has built water-works at Panama and Colon; the men are well fed, and good hospitals have been built and equipped; the eating and boarding houses along the line are good, and Engineer Stevens is a dandy. The only things he criti-cizes are the management of the rail-road and the pay-roll department. Winheid twp, Builer Co., Pa.
