## LOCAL AND GENERAL.

TERMS: .....$1.50 Per Year
If paid in advance.. 1.00 " "

Each subscriber, by consulting the little tab on his paper, can tell the date to which his subscription is paid.

—Tomorrow ushers in the month of brides and roses.

—The insurance companies are again raising Butler rates.

—A co-operative grocery is among Butler's possibilities.

—The railroads are "correcting" their rates on coal and oil.

—Frost, Tuesday morning, May 29, 1906, but apparently no great damage was done.

—The late rains were very welcome to the farmers and gardeners, and they put out the forest fires.

—The high bridge over the Slippery-rock at Rose Point, built for the Western Allegheny, was completed last Saturday.

—A festival will be held for the benefit of the Clinton U. P. church at the home of the late Wesley J. Monks, on Tuesday evening, June 5, 1906.

—Bids are now being taken for the building of the proposed new Greek church on Pearce Ave. It is to be a brick building, and the plans were made by Will Brandon.

—Bijah's court was interesting last Monday morning—five nationalities were represented by eleven men all of whom got full of De-natured alcohol the previous Saturday.

—Some slight changes have been made in the P. R. R. time table. The afternoon train for Union station, Pittsburg now leaves Butler at 2:25, or 5 minutes earlier than heretofore.

—Saturday was pay day down at the Car Works and quite a number of west side men went home full of de-natured alcohol. The rain after a dry spell may have had something to do with it.

—What tremendous prices are being paid for property in the business district of Pittsburg! D. F. Henry sold his hotel on Fifth Ave., the other day for $1,300,000; and he will, probably, rebuild the Monongahala House for which he lately paid $1,000,000.

—Captain George W. Lloyd, who for 40 years has voluntarily cared for the grave of Thomas Paine, author of "The Age of Reason," and who is one of the oldest and most picturesque characters in New Rochelle, N. Y., is seriously ill in the New Rochelle Hospital.

—In Colusa county, California, recently, Miss Florence Berker ran against her father, P. F. Berker, the incumbent, for the office of School Trustee and beat him after a hot campaign. She did it because she had heard that her father intended to oust a female teacher who was a friend of hers.

—Alameda Park was formally opened yesterday, with an immense crowd in attendance. The 10-cent round trip fare is a popular move, and the show at the Summer Theatre is a winner. Manager Walters is Superintendent of the Park this year and says he has an exceedingly strong line of shows booked for this season, and says next show will be a hummer.

—Butler needs more mail carriers. According to the department rules each carrier is supposed to serve not over fifteen hundred people. Some of the local carriers have twenty-six hundred on their route, and they are loaded down with packs weighing 100 pounds when they start to deliver. The result is they cannot do all the labor forced upon them, and in many instances are able to make only one delivery a day where they are expected to make two. The carriers walk from twelve to sixteen miles a day.

—The Deputy Sheriffs of Armstrong county executed the 125 writs of ejectment against the miners at the plants of the Cowanshannock coal and gas company at Yatesboro, last week. Over 100 of the families have rented a large field nearby and are camping there. They have made tents out of bed clothing and table cloths. An epidemic of sickness is feared, as no sanitary precautions are being taken. At one of the houses the officers found a woman about to become a mother, and they removed all the furniture but one bed, and her child was born there. In a few days she will have to go to the tented field. A large number of American miners have been sent in to take the places of the ones evicted, and it is expected that within the next 10 days the mines will be running full.

—Commencement week of the Butler schools closed with a banquet of the High School Alumni Association in the dining hall of the First Methodist church, the ladies of that church being the caterers. Two-hundred alumni, from 1887 to 1906 were present, with the school directors and their wives as guests. After the banquet President, James O. Campbell acted as toast master and responses were made by City Superintendent Gibson, Miss Gertrude Siebert, Miss Minnie Thompson, Edward M. Campbell, Gardner C. Lowry and Miss Jean McKee. The annual election of officers resulted as follows: President, Gardner Lowry, Vice President, Philip W. Ruff; Secretary, Elias Hitts; Treasurer, Gertrude Keck. A profit of $50 was reported on last year's lecture course, and it was decided to hold another course next winter.

—Young America will again have an opportunity to celebrate the Glorious Fourth. The "tramp steamer" Yeddo arrived at New York, last week, carrying 200,000,000 fire crackers of assorted sizes, 20,000,000 torpedoes and 400,000 sticks of punk. Captain Baird and his officers were mighty glad to get into port. From the time they left Hongkong six weeks before none of them had enjoyed a smoke. Every precaution against fire was taken on the ship with the dangerous cargo in its hold. One of the strangest features of the trip was that the ship which brought over the wherewithal for the celebration of Independence day flew the British flag. "When I arranged to ship the American fireworks," said Captain Baird, "I swapped my gang of 'Johnny Bulls' for a coolie crew."

Col. George F. Huff makes an unqualified denial of the published statement he dodged a process server while he was in Greensburg this week in order to keep from appearing before the inter-state commerce commission in Philadelphia. He says he did not escape through the cellar nor did he flag the Pennsylvania limited outside the town and get aboard in order to escape the process server at the station.

Secretary Wilson disagrees with those who say that the Eleventh commandment is to mind your own business. The other day the secretary was out at dinner with a number of friends, and during the conversation he let slip something which proved to be mighty embarrassing. The next day he had occasion to reprimand a subordinate who had also let go of something that was to be considered as confidential. The subordinate wondered what the Eleventh commandment was He hadn't even heard the version that it was about minding your own business. So the secretary wrote it out for him "Keep your mouth shut!"

—Would-be burglars in the South Side tried to enter the houses of J. H. Heiner and D. R. Hilliard, Monday night, but were scared away.

### Highway Robbery.

Last Sunday night an auto, occupied by G. J. Bankart and wife of Pittsburg, and H. W. Smith and wife of Cleveland, on their way from New Castle to Butler, and forced to go slow on account of bad roads, was stopped on the New Castle hill, near Butler, by a pile of fence rails on the road. They stopped at the rail pile, and immediately three masked men covered them with their pistols, ordered them to hold up their hands, and proceeded to rob them of their money, watches and rings, when they were allowed to proceed. The robbers secured about $200, two gold watches, and one valuable diamond ring. The party did not stop in Butler, but proceeded on to Pittsburg, as Mrs. Bankart was verging on nervous collapse, and wanted to get home.

### Local Thieving.

A pocket book containing $25 was taken from the residence of Mrs. Jno. Wagner, West St., Sunday night, and a kit of barber's tools from the house of Geo. Haben, Locust St.

### Letter to Lewis Stein, Butler, Pa.

Dear Sir: How easy it is to get things mixed! This comes from our agents, Messrs B K & G W Stickle, Rockaway, N J.

A Rockaway man was going to paint two houses, a year ago, lead-and-oil. They induced him to paint one Devoe, by agreeing to bear any loss it might bring him.

One of his houses chalked-off, and he called for a settlement.

The boot was on the wrong foot. Lead-and-oil is the chalker; not Devoe. It was a mistake, not a bunco.

If Devoe chalked-off as lead-and-oil does, it wouldn't stand a ghost of a chance in the market.

Yours truly
F W DEVOE & Co

P. S. The Butler Decorating Co. sells our paint. 94

### MAJESTIC THEATRE.

**The San Francisco Holocaust, Wednesday.**

No pen or description can convey to the human mind the immensity of the catastrophe at San Francisco. Only the moving picture camera can do so adequately. Therefore the scenes reproduced in Lyman H. Howe's Lifeorama in Majestic Theatre on Wednesday, June 6, are such that no cold type can describe. They are scenes of unspeakable desolation. This feature is but one of many others of equal interest included in Lyman H. Howe's Lifeorama.

The appellate division of the New York Supreme Court holds that G. W. Perkins did not intend to commit a crime when he diverted $50,000 of the money of the policyholders of the New York Life Insurance Company to a political campaign fund. Therefore, although three judges of lower courts have held that he did so, Mr. Perkins goes forth vindicated and unstained.

The street fair, doing business on the Vogeley lot on Race street, was attached Monday at the suit of Kid McCombs, a high diver whom the show left behind in Pittsburg, owing him $256. The issue between the Governor of Pennsylvania and the Sheriff of Delaware county concerning a prize fight announced as a boxing match to be pulled off in that county is not a complex one.

There is little dispute that the proposed contest is in violation of the laws of Pennsylvania. The Governor says that the laws must be enforced. The Sheriff arrogates the right to say that it need not be. The Governor refers to the constitutional provision that he "shall take care that the laws shall be faithfully executed," and orders the State constabulary to Delaware county for that purpose.

### Shot a Thief.

Alfred Pierce, living between the Three Degree Road and McCalmont sat up Sunday night with a double-barreled shot gun in his hands. Between three and four o'clock in the morning he saw a man come into his barn yard, rouse a cow, and commence milking her. Pierce let him get rightly started and then gave him both loads of shot. The fellow was disabled, and an hour or two later doctors were busy in the jail picking shot out of his back, arms and legs. Pierce's cows had been milked and his eggs and chickens stolen nightly for three weeks before he landed his man, and he had complained to the District Attorney and Sheriff. The thief is a foreigner employed on the trolly line.

### Fires.

Pollard Hemphill's house in Clinton township near the Allegheny Co. line, with nearly all its contents, was destroyed by fire on Saturday afternoon, the 19th. Mr. Hemphill and his oldest boy were away at the time; and the fire was discovered on the roof at 4 o'clock. Mrs. Hemphill and the second boy rang the bell which was not answered as it was nearing supper time, and then they got a ladder and tried to put out the flames but were driven away. They saved a few thing from the first floor. It was a large brick house and well furnished, and the loss is about $5,000, with insurance in the Hannahstown Mutual of $1,100.

In selecting your bank, consider in addition to financial strength, the most important element, and that is management. The Pittsburg Bank for Savings, Pittsburg, Pa., is one of the oldest, strongest and most carefully managed institutions in the country, and its record of forty-four years is certainly a creditable one. If you are seeking a safe and profitable depositary for your surplus funds, write this institution for its Banking by Mail booklet.

## Memorial Day in Butler.

Beginning with Dr. Johnston's excellent sermon Sunday evening, in the M E. church, and ending yesterday with the decoration of the graves in the cemeteries and the address of J. H. Wilson, which was generally commended, Memorial day was fittingly commemorated in Butler.

"The passing of the years finds Memorial Day more firmly established and more deeply reverenced. The beautiful conception of the original, the setting apart of one day each year to decorate the graves of the fallen, has been broadened to include a tribute to the surviving remnant. As an institution the idea of Decoration Day has been adopted by the whole Nation as a personal as well as a national occasion for tender remembrance of the departed. It has become a national custom that must last while the Nation endures."

### CHURCH NOTES.
