POLITICAL.

Wednesday of next week is the last

tember 19, when Homer Castle will speak here in the interest of his on for Governor.

Quite a number of Butler men tended the Emery notification meeting at the "Nixon" theatre in Pittsburg, Tuesday afternoon. The admiss was by card or ticket, and the house was not over crowded. In his speech, Mr. Emery talked about the relations of the railroad men with those of the other great corporations or trusts about as President Roosevelt has been talking; and everybody not directly benefitted is that this juggling of rates must ase. If it cannot be stopped by legal ast one of the great inter-state ad systems will probably follow.

Col. Huff and his eight conferees arrived in Butler, last Thursday noon took dinner with the Butler people, and then proceeded to nominate Col. Huff— 8 to 3—which was made unanimous.

Congressional nominee of the district, as it was expected he would be; and, as the new law puts an end to all confere arrangements, whoever secures the most votes in the two counties, two years hence, at the Republican prim ries will be the nominee then, and the ices are in favor of a Westmoreland county man, as that county ha We are the "tail of the dog" in this we will have to put up with it until the

state is re-districted—a thing that ought to come with the session of 1909. The Westmoreland county men were a very agreeable and gentlemanly set of fellows, and Col. Huff is an unusually bright, and very capable, business man

applies to all railroads doing an inter-state business, went into effect at mid-night of Monday. According of Monday. According to its provisions all roads were to have filed with the interstate commerce commis-sion all their tariffs and charges, show-ing not only the full cost of transportation from point to point, but also what items go to the making up of this cost. It was stated Monday that not a single company had been able fully to comply with this provision. The schedule of switching charges was the most difficult

lick a postage stamp you need not fear that the gum is something unclean. face of the earth. It is derived from dextrine, a product secured in the proand the cassava root. The starch ing at a temperature of about 300 urn into dextrine. Further changes make postal gum and if the changes would be grape sugar or glucose.

ent that the under and freight lines of the Illinois Tunnel Company in Chicago are completed that is remarkable in many phases. The system is the most original and amous of recent years. Forty miles of unnels are constructed under the busi-ess streets of Chicago, crossing under the rivers fourteen times. It connect basements of all important busi-buildings, and will transfer freight at a fraction of the time and cost here tofore spent in hauling it through the

A CURIOUS fact in connection with the late earthquake is that the seismograph on Mt. Hamilton, at the Lick any earthquake shock. This instru-ment is located in the so-called earthquake belt extending down the western cost of North and South America and gapore, Japan, and the Aleutian Islands. The seismograph located in this belt would be expected to receive distinct vibrations. The seismograph at Washington recorded both east-and west and north-and-south vibrations o siderable extent. That at the John Hopkins University had the needle thrown off the recording cylinder, so violent was the shock, while the seis raph at Victoria, B. C., also record ock not so severe as that felt at Francisco last April, but which was, nevertheless, quite prolonged.

THE elevation or, as railroad engineer side rail on curves is more important and demands more careful thought and ion boss are in the habit of giving to it, The danger of derailment due to the ainst the outer rail on curves may be greatly reduced by elevating the outer degree of super-elevation correspondent to a given rate of speed which will ally relieve the outer rail of At the home of Mr. and Mrs. J. W. Welsh of Connoquenessing fownship, at noon, August 22, 1906, occurred the marriage of their daughter Miss Bertha to Prof. Ira Flinner of North Washington, Rev. Geo. Stewart officiating, the poisonous reptiles. Hensel deciares that one afternoon at the some trains would run slower than those for which the track was adjusted, and the slower trains would bear heavily against the inner rail. It is for this reason that engineers are in the habit of adopting a compromise super-elevation, too low for the fast train and too high for the slow train.

At the home of Mr. and Mrs. J. W. Welsh of Connoquenessing fownship, at noon, August 22, 1906, occurred the experienced in getting men to work on the job on account of the great danger. One man has been constantly employed dispatching the poisonous reptiles. He is dressed in a suit impervious to bites and goes boldly into the dens and lays them waste.

The attendants were Miss Anna to Prof. Ira Flinner of North Washington and the slower trains would run slower than those for which the track was adjusted, and the slower trains would bear heavily against the inner rail. It is for this reason that engineers are in the habit of adopting a compromise super-elevation, too low for the fast train and too high for the slow train.

mounting to \$8,000,000.

MARS, PA., AUG. 21, 1906.

MARS, PA., AUG. 21, 1906.

EDITOR CITIZEN:—
DEAR SIR—I have been asked by some voters of the county to define my views on the following leading questions, now before the people of this Commonwealth:
I most heartily indorse the administration of Theodore Roosevelt and all legislation passed by the recent session of Congress.
I am in favor of and shall support, if elected to the Legislature of Pennsylvania, a law limiting the passenger rate on all railroads in our state to a maximum of two cents per mile; and legisla-

on all railroads in our state to a maximum of two cents per mile; and legislation giving trolly or electric roads the right to carry freight; also legislation giving a greater amount of money by the state to our public schools, thus reducing local taxation; and an increased appropriation by the state for the improvement and maintenance of county roads, thus reducing the amount of road taxes paid by our citizens.

I am thoroughly in accord with the Republican state and county platforms, and in addition shall favor and support all legislation that has in view the welfare and betterment of our citizens.

Very truly yours,

J. M. Dight.

Family Reunion

M. N. Greer's son. John B. Greer, wife and three children, of Marion, Kansas, and Miss Lelia Mahan, or Emporium, Kansas, are visiting him in Buffalo twp. It is thirteen years since John B. went to grow up with the country, and neither his father nor mother recognized him when he returned. Another son, Thomas D., of Kansas City. is expected this week and the boys will remain in the neighborhood until the 18th of September to help celebrate their parents golden wedding. No invitation cards will be sent out for this happy event, but Matthew and his good wife want all their friends to come and see them that day. It is further their desire that no presents be sent, brought or given. The presence of their friends is what they want, not their presents, and their wishes ought to be respected in this matter.—Freeport Journal.

Pretty Home Wedding At the home of Mr. and Mrs. J. W.

ACCIDENTS.

way of the Goehring wholesale grocery, yesterday, and was seriously injured. The Gearing store-room has been rented to a piano firm, John was helping them at the time of the accident.

set on fire in several places, I Hamilton did not feel the slighest sh and soon extinguished the fire. Ti doctor, who was standing near window, was severely stunned.

Two usen were lately injured by lightning in Mercer county. They were working at a screen door near a telephone. The bolt came in on the wire, and struck both of them. There was no storm at the time of the accident, and it is supposed the fluid came some distance.

A Funny Hearing

An alderman's office in Allegheny

An alderman's office in Allegheny was lately the scene of something unnal in the line of 'hearings."

"She's been a-runnin' after my husband for this good while, an' now she comes right into my own home to insult me."

This was the charge laid at the door of Mrs. Su-Lee of Larkins alley, Southside, by Mrs. Yee-Sun, a very jealous and very angry wife, who resides on Sandusky street, Allegheny. in Alderman McKetvy's court. The hearing was unique in that both the women involved were the Caucasian wives of Chinamen, both legally married, and the proceeding was the outcome of a pitched battle between them over the husband of Mrs. Yee-Sun. Disorderly conduct was the charge, and the Alderman, after hearing both sides of the dispute, dismissed the case.

A big representation of the population of Allegheny's Chinatown was present at the hearing, including the husband's of both of the women. The fickle Yee-Sun is not a prepossessing Chinaman—but both the women are exceedingly comely. The story of the prosecutrix was that Mrs. Su-Lee had come to her house on a visit; that a quarrel had followed, and that she had

prosecutrix was that Mrs. Su-Lee had come to her house on a visit: that a quarrel had followed, and that she had been vilely assaulted. The Alderman told the two women they had best go home and attend to the washing and the household affairs.

Mrs. Su-Lee appeared in court carrying a good looking baby, whose features were more American than Mongolian. The fond father seemed very proud of his off-spring.

Some Snakes. With a half bushel of snake rattles to substantiate their assertions John Hensel and Scott Hileman employed on a Franklin & Clearfield railroad contract in Jefterson county, at a place known locally as "Rattlesnake Den" while in Clearfield, Pa., this week declared that the poisonous reptiles are so numerous in that vicinity that their ceaseless rattling resembles the buzzing of locusts. Blasting has stirred them from their lairs. Great difficulty has been experienced in getting men to work on the job on account of the great danger. One man has been constantly employed dispatching the poisonous reptiles. He is dressed in a suit impervious to bites and goes boldly into the dens and lays them waste.

DEATHS.
