Republican Nominee For the People As Against the Corporations.

FOR A TWO-CENT RATE OF FARE He Leaves No Room to Doubt His Po

sition In His Many Speeches On His Tour of the Counties. [Special Correspondence.]

Harrisburg, Sept. 25.
Reports received here from every county in the state indicate a growing sentiment in favor of the entire Republican ticket.

Visitors here during the last few days from the sections visited by Ed-win S. Stuart and his colleagues on the Republican ticket in their tour of the state report that Mr. Stuart has been making a very favorable impression with the voters. He is standing squarely upon the party platform, and his words and manner clearly show that he is honest in his pledges to give the people a popular administration, to insist that the corporations shall obey the law, and that they shall not encroach upon the rights of indi-viduals or discriminate against any one, and that they shall be obliged to give a fair return to the state and

the people for the franchises which Mr. Stuart points to his record made as mayor of Philadelphia in the treat-ment of corporations, where he broke all records by insisting that the street railways should give the city value for the privileges which they enjoy. His stand by the taxpayers in that one fight alone meant the payment of millions by the street railways for the paving of streets, which they would have kept in their treasuries or dis-

tributed among their stockholders. Mr. Stuart is committed to the en-actment of legislation making two cents a mile a maximum rate of fare on railroads, and for the creation of a commission which shall have super vision over the railroads of the state.

stroying corporations, because my principle and my ideas are that they should be regulated according to law. Common carriers, railroad companies, all who may receive special privileges be one rate for one man and another rate for somebody else, but they must all be treated as equal. As to the Republican platform, I stand absolutely and unreservedly upon it and will do everything in my power, and I know that in saying that I also speak for my colleagues, to bring about such legislation that will correct according to law any evils we may have, and correct them solely for the benefit

and in the best interests of the people Will Guard the People's Interests. "I have had in years gone by, if you will pardon the personal allusion, some experience in treating with a legislation wanted by corporations. That record has been made, and it is a part of the history of my native city, and can be inquired into by any man or set of men who desire to do so, and you will find that in my pub-

lic record in dealing with corporations my first and only desire and my ultimate purpose has always been to see that the interests of the people I represented, and whom I was elected to represent, were properly, legally and honestly taken care of and protected. Without attempting to destroy or to tear down, I have prom ised that if elected governor of Penn sylvania the interests of the people will be safeguarded and taken care of every legal and proper way that

lies in my power." Chairman Andrews, of the Republican state committee, has planned to have the gubernatorial candidate and his colleagues speak today, Tuesday, at Lewisburg in the evening; tomor row, Wednesday, they will be in Erge; T. D. McFarland, Sharon; F. B.
Smethport in the afternoon, and in Bradford, Philadelphia; Joseph G. Bradford in the evening; on Friday Bradford in the evening; on Friday they will visit Tionesta, Forest coun-Philadelphia; Calvin G. Christie, But- ty, in the afternoon and Warren in the evening.
