POLITICAL.

The political sensation of Butler, last week, was the discovery that the Republican nominees for the Legislature had not been certified to the Sec'y of the Commonwealth—the law requiring such to be done six weeks or 42 days, before the election. Chairman Seaton thought the Temporary Chairman of the Convention had done it, but it had not been done, and nobody had called his attention to the oversight of so he immediately went around with momination papers, secured a large number of signatures to them, and sent them to the Secretary in time to catch the five weeks or 35 days limit. The Republican nominees will be on the ballot; but to vote them their names will probably require a separate X.

The new election law, (the one that goes into effect after the next election) requires the County Commissioners to do all the certifying for all the parties.

Exposition are no exception. An immense steel cage, covering the entire stage of the hippodrome, is the show place for the animals. During the afternoon and evening continuous performances are given in this arena by a dozen of the bravest and most during of men and women trainers, who have subjugated ponderous elements, farcedous lions, sayage leonall manner of animals from the Afri-can wilds. These trainers enter the cages of these hungry heasts with but

Quick as a flash, with the crack of a whip, the animals are cowed into submis sion by the magnetic and powerful gaze or by the lash of the whip. Yet, should one of the trainers dare to turn his back for an instant, the savage beasts would be upon him and death would be his. Pittsburg has marveled at the daring of these train-
