DR. BRANDERTH'S Vegetable Universal Pills. Beience should contribute to the Comfact, Health and Happiness of Mankind." On the eighteenth of May, 1835, these now truly celebrated Pills were first made known in the United States, although in Europe they had been previously before the public nearly a cen-tury. The American-public naturally viewed them with suspicion, but as on trial they were found what they professed, it was such displaned by the greatest confidence. In fact the many persons who have commenced with them under the most trying circumstances of bodily afflic tion, when every other means and medicine had proved altogether unavailing, have been restored o health and happinesss from their use, and the consequence is; they are now recommended by thousands of persons; whom they have cured of Consumption, Influenza, Colds, Indigestion, Dys. pepsia, Headache, Pains, and a sense of fullness In the back part of the Head, usually the symptoms of Apoplexy, Jaundice, Fever and Ague, Billious, Scarlet, Typhus, Yellow, and common fevers of all kinds, Asthma, Gout, Rheumatism, Nervous Diseases, Liver Complaint, Plenrisy Inward, Werkness, Depression of the Sprits, Data Ruptures, Inflammation, Sore Eyes, Fits, Palsy, Dropsy, Small Pox, Meazles, Croup, Coughs, Whooping, Cough, Quiney, Colic, Cholera Mor-bus, Gravel Worms, Dysentery, Deafness, Ring-ing Noises in the Head, King's Evil, Scrofula, Erysipelas, or St. Authony's Fire, Salt Rheum, White Swellings, Ulers some of 30 years stand-ing Concern, Tumors, Swellock Ever and Lurge ing Cancers, Tumors, Swelled Feet and Legs, Piles, Costiveness, all Eruptions of the Skin, Frightful Dreams, Female complaints of every Although Doctor B. has enumerated by name the above discusses, he is nevertheless of opinion with his grandfather, the late celebrated Dr. Wm. with his granditather, the late celebrated Dr. Wm. Brandreth, that there is only Oxe Disease, an impurity of the blood, which by impeding the circulation, brings on inflamination, and conse-quent derangement in the organ or part where such impurity of the blood settles; and that it is the different appearances which this inflamation or derangement puts on, that have caused-medi-cal men to designate such appearances by various names, but which are in fact, only the same dis-ease, with more or less violence. Dr. Wm Brandreth was so fully convinced of the truth of. the above simple theory, that he spent thirty years in experiments and laborious_research into the medical properties of the numerous plants composing the Vegetable Kingdom; his object being to compose a medicine which should at once putify, and produce by specific action, a removal of all bad humors from the blood by the momach and bowels, as by the continuation of

the use of such a medicine, such humors are sure to be carried off, and the blood assume a state of purity; and whoever takes these Pills, and perseveres with them will be satisfied that Dr. Wm. Brandreth fully attained his philanthro
