# The Piles. No cure no pay.

It is considered of great importance for the public to know the following facts:

About four years ago, Solomon Hays, the person to whom the celebrated Dr. Gridley had, on this death-bed imparted the secret of making a dimension to circ the Piles, authorized it to be this iteath-bed\_imparted\_ine, secret or making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Hays' Liniment, and enjoined that all who would use one bottle for the Piles and return the empty bottle, should have the price refunded.

Since that time, upwards of fifty thousand bot

tles have been sold, out of which, not ten have returned, and these only because the persons did not use it properly!! Such wonderful success, probably, never attended any other article. It is now determined by the proprietor, that the pub-lic shall be made more fully acquainted with its virtues, so that those suffering with that dreadful complaint may avail themselves of its use. There are many thousand certificates of the most respectable and authentic character, many of which may be examined where the article

It is used as an external application, and for many other complaints enumer ted in the wrop-per is considered remarkably effective, but for the Piles it has no equal, and the agents are now bound to refund in all cases where it does not It is being used in Hospitals in our principal

ities with great effect.

No Fiction.—This extraordinary chemical com position, the result of science and the invention of a celebrated medical man, the intraduction of which to the public was invested with the solem nity of a death-bed bequest, has since gained a equiation unparalleled, fully, sustaining the conrectness of the lamented Dr. Gridleys last confession, that "lie dared not the without giving to posterity, the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and and attendant Salomon Mars the secret riend and and attendant Solomon Hays, the secret

of his discovery.

It it now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the Piles, and also so extensively and effectually as to baffle credulity, nless where its effects are witnessed. Externain the following complaints:

For Dropsy-Creating extraordinary absorption at once.

All Swellings—Reducing them in a fewhours,
Rheumatism-Acute or Chronic, giving Quick ease. O Core Throat - By cancers, ulcers or colds. Croup, or Whooping Cough-Externally and over the chest.

ducing rheumatic swellings, and looseing couglis and tightness of the chest by relaxation of the parts has been surprising beyond conception.— The common remark of those who have used it in the Piles, is, "It acts like a charm." It is used only as an external application, and its sovereign power in curing the above named complaints, is justified by scientific principles.

Out of the many warm Remedy has received, the following only are sub-joined. They are generally extracts from letters from persons of the highest respectability whose ames are not published for obvious reasons, hough the writers have not objected to have them shown to such as wish to see them.
