

**DR. BRANDETH'S**  
Vegetable Universal Pills.

Science should contribute to the comfort, health and happiness of mankind.

On the eighteenth of May, 1835, these now truly celebrated Pills were first made known in the United States, although in Europe they had been previously before the public nearly a century. The American public naturally viewed them with suspicion, but as trial they were found what they professed, it was soon displaced by the greatest confidence. In fact the many persons who have commenced with them under the most trying circumstances of bodily affliction, when every other means and medicine had proved altogether unavailing, have been restored to health and happiness from their use, and the consequence is they are now recommended by thousands of persons whom they have cured of Consumption, Influenza, Colds, Indigestion, Dyspepsia, Headache, Pains, and a sense of fullness in the back part of the Head, usually the symptoms of Apoplexy, Paralysis, Fever, Typhoid, Biliousness, Headache, Yellow and common fevers of all kinds, Asthma, Gout, Rheumatism, Nervous Diseases, Liver Complaint, Pleurisy, Inward Weakness, Depression of the Spirit, Rupture, Intermittent, Sore Eyes, Erysipelas, Dropsy, Small Pox, Measles, Croup, Whooping Cough, Quinsey, Colic, Cholera Morbus, Gravel, Worms, Dysentery, Defecation, Ringing Noises in the Head, Ringing in the Ears, Erysipelas or St. Anthony's Fire, Salt Rheum, White Swellings, Ulcers of 30 years standing, Cancers, Tumors, Swelled Feet and Legs, Piles, Constiveness, all Eruptions of the Skin, Frightful Dreams, Female Complaints of every kind, especially obstructions, relaxation, &c.

Although Doctor B. has enumerated by name the above diseases, he is nevertheless of opinion with his grandfather, the late celebrated Dr. Branderth, that there is only one Disease, and impurity of the blood, which by impeding the circulation, brings on inflammation, and consequent derangement in the organ or part where such impurity of the blood is seated, and therefore in every different ailment which this inflammation or derangement puts on, that has caused medical men to designate such appearances by various names, but which are in fact, only the same disease, with more or less of the usual symptoms, and is therefore to be cured by the same means. Dr. Branderth was so fully convinced of the truth of the above simple theory, that he spent thirty years in experiments and laborious research into the medical properties of the numerous plants composing the Vegetable Kingdom, and by his being to compose a medicine which should at once purify and produce by specific action, a removal of all bad humors from the blood by the stomach and bowels; and by the continuation of the use of such a medicine, such humors are sure to be carried off, and the blood assume a state of purity, which will insure the removal of every other ailment. These Pills, and persevering with them will be satisfied that Dr. Branderth has effected his purpose, and that his object is. It is now an absolute and known fact, that every disease, whether it be in the head or feet, in the brain or meaneest member, whether it be an outward ulcer, or an inward abscess, are, through arising from the same cause, reducible to this one grand effect, namely impurity of the blood.

In all cases it will be found a safe and simple remedy, yet, in fact, it is the removal of the disease, whether chronic or recent, infectious or otherwise; and what makes them particularly adapted for this country, is that there is not the slightest liability to cold when taking them, in any system of medicine, but that the system of cold when under their influence, than at any other time; therefore in this climate they are invaluable. Neither do they require change of diet or care of any kind, or any other extraordinary measures, which would be a heavy burden for periods varying from forty to sixty years, and have always proved successful in restoring health, wherever an ailment had occurred.

NOTICE.—In consequence of the numerous counterfeiters for sale in the Drug and Chemical Stores, the public are cautioned against purchasing of any person except the accredited agents.

**Security Against Counterfeits.**  
DR. BRANDETH has adopted the following plan to secure the genuineness of his Pills to the public: Every authorized Agent must have a Certificate of Agency, and it will be seen that a double forgery MUST be committed, before any one can procure a forged Certificate, and the person having it in his possession is equally liable with the forger.

The following are the appointed agents for this vicinity, viz: Wm. Gilmore, Chambersburg; Jacob A. Winrot, Gettysburg; OGILBY & HENNER, Carlisle; Harbison, Harrisburg.

Dr. Branderth's officers for the sale of the above Pills are 169 Race above 5th street, and 34 Chesnut street, Philadelphia.

**Rev. Dr. Bartholomew's PINK EXPECTORANT SYRUP.**  
An agreeable cordial, and effective remedy for Coughs, Hoarseness, Colds, Pains in the Breast, Hard Breathing, and Difficult Expectoration.  
For Adults & Children in cold climates and warm. The proprietors are aware that there are many remedies for coughs and diseases of the lungs, some no doubt are good, but it has remained to a late day to discover an article so admirably fitted to these complaints; so powerful and effectual, and yet so perfectly innocuous, and so far as the public know the public the scientific result of a learned Physician and Divine with the nostrums of the day. Let them make a careful perusal of the evidences attending this article, their responsibility, and they cannot withhold their belief to some of its virtues. Let us assure them that a single trial of it will do more to convince of its merits than all they can see or hear on the subject. It is quite certain that no injury has ever been known to arise from its free use.

An uncommon fact is, that this remedy is a syrup, as palatable and pleasant to the taste as the most congenial and disease of the lungs, children take it always with the greatest readiness.

The proprietors are now making rapid arrangements to have this article in the hands of every druggist and apothecary in the country. It may be known to be genuine by the following certificate of the Rev. Gentleman and Physician who is the author of it.

It is with great pleasure that the proprietors are enabled to bring forward an article so truly meritorious as this syrup, and for the same reason, they trust the community who have occasion for its use may always find it within their reach, both as to places at which it may be found, and the low price at which it is sold.

A great number of the most wonderful cures may be seen by calling on Mr. Bolander, Carlisle, at whose store it is for sale. See Mr. Bolander's Papers.

Also for sale by S. ELLIOTT.

**The Piles. No cure no pay.**  
PRICE ONE DOLLAR.

It is considered of great importance for the public to know the following facts:— About four years ago, Solomon Hays, the first physician to the celebrated Dr. Branderth, had, on his death-bed, imparted the secret of making a Liniment to cure the Piles, authorized it to be put up and sold under the name of Hays' Liniment; and enjoined that all who would use one bottle for the Piles, and return the empty bottle, should have the price refunded.

Since that time, upwards of fifty thousand bottles have been sold, out of which, not ten have returned, and these only because the persons did not use it properly. Such wonderful success, probably never attended any other article. It is now determined by the proprietor, that the public shall be made more fully acquainted with its merits, so that they suffering with that dreadful complaint may avail themselves of its use.

There are many thousand certificates of the most respectable and authentic character, many of which may be examined where the article is sold.

It is used as an external application, and for many other complaints enumerated in the wrapper, it is considered remarkably effective, but for the Piles, and the agents are now bound to refund in all cases, where it does not cure.

It is being used in Hospitals in our principal cities with great effect.

It is a truly extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation extending to every part of the continent of the famed Dr. Branderth's Liniment, that "the darest did not die without giving to posterity the benefit of his knowledge on this subject." It has therefore been requested by a friend and attendant Solomon Hays, the secret of his discovery.

It is now used in our principal hospitals, and in the private practice in our country, first and most extensively and effectually so to baffle curiosity, unless where its effects are witnessed. Externally in the following complaints:

**For Dropsy.**—Creating extraordinary absorption at once.  
**For Swellings.**—Reducing them in a few hours.  
**Rheumatism.**—Acute or Chronic, giving quick relief.  
**Sore Throat.**—By causing ulcers or colds.  
**Croup.**—By causing coughs.  
**Externally and over the chest.**  
**All Bruises, Sprains and Burns.**—Curing in a few hours.  
**Ulcers.**—Whether fresh or long standing and Fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, is so surprising beyond conception, as the common remark those who have used it in the Piles, is, "It acts like a charm."

It is used only as an external application, and its sovereign power in curing the above named complaints, is of such nature, that it has been tried over and over again, and its effects, though the writers have not objected to have them shown to such as wish to see them.

**Chincinnati, Oct. 9th, 1836.**  
"Of all the remedies we sell, none gives so decided satisfaction as Hays' Liniment. We can certainly for the cure of the most obstinate affections from some of our most worthy citizens."

**Buffalo, April 10th, 1837.**  
"I have sold all the Hays' Liniment and could have sold much more. Judge—It is cured by it, and has sent at least twenty persons here to buy it."

**Feby, January 3rd, 1837.**  
"We are in want of your Liniment, and the sales are uncommonly good, and the articles thus far, unrivalled. It is used for a variety of complaints, and apparently with great effect in all. Mr. Hays, a planter, has written me a long letter half a page about the cure of his wife, which he had before left his forty-eight hours; we will send you his eulogies which may be of service to your country."

**Charleston, S. C., Dec. 28th, 1837.**  
"I have been distressed for four years with the Piles, my sufferings have been intense, and my physician had recommended an operation; as the only means of relief. Hays' Liniment was advised, and I have used only one bottle, and I can judge am fully and entirely cured. I cannot refrain from expressing my anxiety to have its qualities more extensively known."

**New Orleans, Nov. 3rd, 1836.**  
"Mr. Hays, [I have] damned Quack Medicines, Calomel Doctors, Lobelia Steamers, Vegetable Doctors, and so on to the end, but all myself, have been trying head-on, having all sorts of ideas about the best of them, but I have never found for that place a right smart chance, better than any about these parts—I have had the Piles for eighteen months till I got your Liniment three days ago, and now I am well and have thrown Phlegm to the dogs."

**St. Louis, May 5th, 1837.**  
"We dont know what the people do with Hays' Liniment, sure they cannot all have the Piles, we reckon it is used for Rheumatism, and all kinds of swellings. We have sold a large quantity this year, and may know by our purchase, which is all gone. Please send us two gross more, and also the articles ordered last week, if not already shipped."

**Your, &c.**  
We might multiply such as the above, to any definite length, but prefer that persons generally who sell the article should exhibit to their customers the original certificates they have on hand, and be sold by G. B. BOLANDER, Carlisle, who will give further information, or see Mr. Bolander's papers.

Also for sale by S. ELLIOTT.
